C21 The One God: Book nine – Donetsk, , 2013 – 94 p.

In the Universe there are no such conceptions as right or wrong, fair or unfair, good or bad, good actions or ill actions etc. It`s necessary to realize: what is good for one man may be bad for another one, and it`s not an indicator of good or bad, it`s an indicator of your Space.

Preface

What can be better than feeling the ONE Space? The ONE Space, illuminated by Love and warmed by the ONE God. The ONE Space, felt and genuinely loved by all the mankind.

There is a belief that life is not just flow of time but feeling the God as much as possible, sensing yourselves to the maximum in all Spaces, maximum admission of the Source of all Sources. And every inhabitant of the Earth had this very life perception.

NOW almost all the mankind is not able to feel life and to love all its forms in particular. Now and then the life of every man flows in the direction, which is not determined by the life owner himself. But every man is eager to live in such way that emotions, feelings and senses overflow his body, increasing its speed. That`s why, I, the first woman, Created by LORD, - open sensing and feeling the ONE God for all mankind. All of you will feel the ONE God inside yourselves and experience feelings, which were lost a long time ago, and these feelings will warm your heart and light up your soul.

I Love you all!!!

Spaces! What do you know about them? Your Space!

What do you know about it? These are very simple questions, the mankind is not able to answer NOW.

To feel all existing Spaces you need to **be**, exist in all existing Spaces. To be in all existing Spaces you need to be the whole man. The **whole man...**, *what`s the image of the whole man indeed?* I highlighted it for all people in the eighth book and showed the direction to Me – the whole person. But I am asking the readers again:

– Do you understand what I mean? What`s the meaning of the image of the whole man? Who can be really called the whole man?

I haven`t seen the whole men on the Earth for ages, but NOW there is a possibility for all men to become the “whole” ones, to find the Lord and Love inside themselves. It is possible to collect yourselves inside You in one millisecond. But are you ready for Reality? Sergey, for example, has collected many of his incarnations for now and not only his ones, but he is still at a loss. Not because he has seen himself on the previous hole, but because people, he has seen with the God`s help, don`t completely understand themselves and all situations, which happen to them *forcedly*. He has seen the inner circle, in which the inhabitants of the Earth seem to be imprisoned. He has been able to understand that responsibility for solving this problem lies on every man.

And here is a question for Sergey:

– Will you just look through many incarnations of people seen by you? Will you realize the following: the energy of information provided by the Lord is like a musical instrument you should play not just admire at any given time in the timelessness. But you are still admiring it. Start acting, show all possible variants of getting over the disharmony for all people, you have seen in your incarnations. But in order to line up disharmonious Spaces you should collect yourself, your Spirit and understand Yourself at last. To realize Yourself, first, you should excuse yourself in many incarnations and after that live again the situations, which caused the disharmony. Sergey, do you remember your incarnation, in which you lost your Spirit and yourself? Being on your Velenokgrozdia Planet in the Divine body Avatar, you planned incarnation and Created a role, in which you were supposed to be cheerful and easy-going on the Earth. You had to walk around the world, being in the real easiness and joy, accumulate everything and all the Space of the Earth and mankind in these feelings. I know, you have recollected that Incarnation. So that very incarnation wreaked the chaos and depravity on the Earth. Hence Elizar appeared in order to neutralize the disbalance on the Earth. Have you thought about why Elizar came instead of Zar ...? Because Zar had lost so half of himself, which you recollected and collected in the incarnation. And then began the epoch of Elizar, who couldn't cope with the incredibly spreading chaos on the Earth. Elizar wished his destruction, because he couldn't realize and see what you have seen and realized NOW. Well, realizing Yourself, your way, it is possible in one millisecond to collect and renew Yourself – the whole man. Sergey, and here is a hint for you and other people: live again and harmonize your incarnation, in which you forgot your Spirit and lost your true way, planned by the Lord, and then the Space

of EVERYTHING will change. And there will be no hard work for Elizar, which he couldn't cope with and plunged himself into the chasm, in which you are being NOW.

Life can be varied and very interesting, if you are always easy-going and in Love with yourself and everything that EXISTS and WILL EXIST. Such feeling and understanding of the world will set an example for all people, who want to collect Themselves and their Spirit. I am calling on everyone, who is awaking, to do such work. Only in this way it is possible to free yourself from the illusory world. Only in this way it is possible to bring back Yourself and your Spirit. And only in this way it is possible to bring back your Love. Of course, you, each of you, with many incarnations was losing and losing his Love and now you have completely lost ITS light. I would like every man to be able to recollect Love: ardent, caring and kin and then take it into your lives, in which you are being Here and Now. And together with Love you will reach out your wholeness.

Love!!! How close and giving freedom and Kinship it is! Giving inexpressible senses, reviving every 1.5 milliseconds. I would like every man to be able to love and not only himself but all manifestations of the Creator's divine thought. I would like every man to be able to understand and feel deeply his Love, which is always next to him. It is so close to you, that I'd like to tell each of you: turn back and examine yourself outside of time, then look through your incarnations, find out and feel Love. Then experience those feelings and emotions one more time and reach them out into NOW. And a little ray of light will illuminate Her – your Mother Love. But you shouldn't stop on it, recollect all your lives, in which you loved with all your heart and from the bottom of your heart and reach this warmth out,

filling yourself up with this vivifying Light. And when this vivifying warmth is inside you, man, you will be able to stay in the Love Space and illuminate EVERYTHING, that EXISTS and WILL EXIST.

You may ask:

– Has love remained in the multitude of incarnations?

– Yes, that is so indeed, but if to reveal the reality, Love has focused you in the incarnations, where you loved from the bottom of your heart. And you loved the Lord not by parts, but the WHOLE one. That`s why the Light of Love was filling you and your manifestation, highlighting the Creator in you, extending all possible Spaces of EVERYTHING for you.

It is so wonderful to understand all possible manifestations of God, that you want to share this joy with everyone. Eh..., if only people understand that the Lord is the ONE, understand that there are manifestations of many Gods. I am very pleased to understand and feel different manifestations of the God and Gods. Filled up with such feelings and emotions I want to fly in the Spaces of EVERYTHING, participating in EVERYTHING that EXISTS. There is a Universal understanding of the Creator, and this understanding reveals an individual Creation in every man. I`ll tell you that Creating and Cocreating all possible variants of energies is a simple matter. But, unfortunately, no one of the embodied men on the Earth knows how this process is working NOW. People forgot all wonderful perceptions of the reproduced information. But I`ll remind for everyone the extremely known feelings, emotions and take you to the energies of the Creator. But you should keep in mind the following: you, each of your cell is connected with the energies of EVERYTHING,

that EXISTS and are ready to accept inside all possible variations of the manifested Universal energies. If you feel and understand it, that gives possibility to exist in this manifested way. The next thing for you to understand is that your thought is the link between you and all possible variations of the Universal energies. That means, the Creator and CoCreator is someone, who feels and understands this information consciously. Everything is quite easy and simple. But it is necessary to consider that lightness and joyfulness should be an essential part of you and always live inside your bodies. As soon as you lose senses, at once you disconnect yourself and each of your cells from Universal energies, the God and Love. You can tell Me that joyfulness and lightness is a great luxury nowadays. But in contrast to you I will answer, that you are mistaking, these feelings can be felt every moment of eternally extending life HERE and NOW. You will ask why? I'll help you to understand the following:

first, always, every second of your endless life you should be able to feel inside an eternal start of your Source, coming from the first-born expositors of your soul;

second, never, in no circumstances, you should lose your Source;

and, third, when you feel your Source, every moment life your bodies are filled with the eternally extending energy of the Creator. And when each of you is able to exist in all possible variations of fillings, attained from the Source, happiness, joyfulness and Love will settle in you forever. But to be in such living filling, it is necessary to wish that with all your heart and deliver a speech for everyone to hear, which will show the extending of Spaces in your bodies. Or rather, the actions after your speech will be the extending, defined by Me. Only this

way, with the extending of Spaces, happiness, joyfulness and Love will light you up from within. And then, feelings within you will be incommensurable light senses of the eternally extending start of your Source.

Creating and Cocreating your project, at the same time, experiencing feelings within your body, which raise and extend a man into all existing Spaces, - that`s an awesome feeling. I shall tell you: words cannot express such feelings. NOW I shall reveal a secret and you will be able to view and feel the stagnation of Space energies within your bodies. Numerous, varied energy combinations must always move multidimensionally within your bodies, that makes possible feeling Them and arranging things with Them. But multidimensional energy motion within your bodies can start only when you are happy, joyful and Love. And again, to be in motion, each of you should feel and realize your Source and Firmament. In the eighth book I led you to the point, that all mankind is connected by the Kinship of Spheres. This kinship reveals its Source, coming from the CREATOR, being highlighted by Love in Adam and Eve, condescending to every man. But the CREATOR felt deeply and thought over for every man his essential eternally extending particle and this particle is next to you NOW. That`s you – eternally extending man, you - are the particle of the whole and indivisible by feelings and senses. NOW look back and you will be able to see your Nature. NOW you are able to see a man, who expresses the image of the indivisible and eternally extending Single Whole, and that man is you. NOW you can see yourself, approaching to you rapidly. You are separated from each other by the Single Whole, indivisible and eternally extending. This conception will lead you to the energies of the Creator and CoCreator. It is impossi-

ble to create something without sensing and understanding the Single Whole and eternally extending within your bodies. You may ask Me:

– What does the Single Whole and eternally extending mean?

And I shall tell you a story that has been forgotten, you will be able to fix the information in the images.

Once upon a time an amazing story happened in the village, called Tselina. The Girl, named Yalva decided to find The One God. It occurred to her not incidentally, her grandmother used to tell her numerous stories about the Gods, who could talk to the ONE God. And the ONE God could always answer the question and show the right way to happiness. So, keeping these stories in mind Yalva went in search of the ONE God. But after she had made many kilometres, had passed numerous settlements, she still couldn't find the ONE God. And being in despair, coming up to her settlement, she met an elderly woman.

– Tell me, dear, – the woman said to Yalva, – can you show me the way to the place, called the Holy site?

– The Holy site? But, strange to say, that I have never heard about such place.

– But, is it possible? The thing is that on the place, called the Holy site, the God appeared before the man, named Slava and helped him to find happiness.

– Are you saying about the ONE God?

– But, is there another God? Of course, I am saying about the ONE God and my dream is to meet Him.

- I have also dreamt to meet Him from the earliest years.
- It is strange, that we have met on this road, dreaming about one and the same thing.
- Why is it strange?
- Because the following events are not accidental. That`s why, I think, further we must continue our way together. What do you say?
- Together?
- Yes, and I consider it to be the Divine Providence. It looks as if the ONE God wants to speak to both of us.
- Well, then I wish to go on together as you do.

Yalva took an elderly woman to her settlement to learn more about the Holy site. And on the way to the settlement Yalva and the woman were attracted by an old and very big tree, near the road. Yalva said:

– I know this tree. In my childhood we used to run here to speak to it. They say, this tree has an unusual power, which opens the whole world for a man.

– You know, I think this is that very Holy site, - said the elderly woman.

The two people in search of the ONE God came up to that tree, embraced it and said:

– Dear God! Please, overhear us. We do wish to find You and there is no other sense in life for us.

Those two people have been asking the God to appear for about an hour, looking into the universal Space of EVERY-

THING. But, they fell asleep under the tree, without waiting for a reply. It was raining heavily that night and the powerful tree with all its might tried to shelter the guests. Having awoken in the morning, Yalva looked around and shouted with wonder:

– He was here! I know it for sure, He was here!

The elderly woman woke up too, she walked around the tree and said:

– Yalva, I am as sure as you are, that He was here. But how couldn't we notice that?

– We were sleeping soundly. It was raining heavily all night and we even didn't get wet, because the ONE God sheltered us with the help of this tree. Now I know for sure that the ONE God exists in everything that surrounds us. And we don't have to search for him somewhere at the ends of the earth, because he does exist in EVERYTHING that EXISTS.

This story tells everyone the reality, which was and will be always permanent. The ONE eternally extending God of EVERYTHING that EXISTS and WILL BE, is in every centimeter, in every millimeter of manifested, manifesting and that is waiting for the moment of manifestation, both on the Earth and in all scopes of the Creating Space. I am sure that many people have heard about so called the Holy places. But NOW I am revealing for all people the information, which priests concealed from the mankind:

– People, the Earth is the Holy planet, all places on It are the Holy ones and if you understand it, there is no need to go over the hills and far away to find the ONE and indivisible God.

NOW Sergey is giving thought to the following: if all places on the Earth are Holy and the ONE God is in EVERYTHING, that means, the ONE God is also being highlighted in the human body. Of course, the ONE God is being highlighted in each of you and manifested in every cell of your bodies. But you don't feel Him at all, that's why you moved away from the Rhythm of all Rhythms. The ONE God is creating multidimensional Rhythm, which is transmitted into your bodies.

A question:

– Why don't you feel It?

I shall answer instead of you: because you are in the routine of illusions, feelings and senses cannot make their way through them. And illusions are nothing but imposing upon you one's truth. I explained the meaning of the word "truth", that's why NOW I am calling on you to become disillusioned, so that to hear and feel the ONE God inside of you. Unlike you, every second I am speaking to the ONE God and I am being in the one Rhythm with EVERYTHING that EXISTS. You will certainly ask Me: how to become disillusioned? It's quite simple, you should find Yourself. And when it happens, you will feel Yourself, all your thoughts and wishes. Illusions will be flaking away like wrappings. Ask Sergey how to find Yourself and he, I hope, will explain you by way of his own example. As I have told you before, Being on the Earth, He tried to find Himself in many incarnations, that's why his body contains this information. That means, you, Sergey, can read the energy of information from your body and find the way in and out of Yourself. And when it happens, billions of people will feel how to find Themselves. So, you will do the job like that, by the way, it hasn't been finished since Arsten times. Is it not time to finish

with the job, you started, Sergey? Maybe, it`s enough doing nothing and being nowhere? Hadn`t you beaten yourself up enough instead of Love? Maybe, it`s enough avoiding Me? Because you are Adam`s and my first son, and no one else but you knows that self-flagellation causes the puppet existence. And it is possible and necessary to become a beautiful butterfly after that puppet existence. What prevents you from becoming disillusioned NOW? I don`t see any obstacles that stand on your way. By the way, one of the main items of your agreement is the following: to get out of the puppet existence and find Yourself. In the face of the ONE God you promised to find Yourself in this incarnation. And you know, He believed you and He is waiting for the corresponding actions. Go on, recollect all your incarnations, which you will join into the one, then work all the disharmony hard and become a winner, finding Yourself. I have made a hint, now you will not get off the hook, if you are not able to cope with this task, for some reason.

Now the mankind is able to understand that illusions are nothing more than just a set of someone`s truths. To understand that there are many truths, referred to certain personalities or just one personality. Priests introduced their truths into your lives only to establish their power over you. And again I shall ask all people:

– Why have you accepted and admitted into your lives someone`s truths?

NOW the events, in which you gave Yourselves to others, will come flooding back to many people. You have lost Yourself in such way, that there are only 3%, 9% and 23% of You in the bodies. The whole settlements have been cut down, so that to destroy your wholeness. Family trees, which kept ancestral

and undistorted information, were uprooted and buried, because family trees were not burnt down in the fire. Family trees, which are more than 300 thousand years old, were found in Ukraine, Donetsk region, Alekseevo-Druzhkovka, at the beginning of 20th century. They have been keeping the information, reserved only for their owners. I warn every man: if you take the family trees out of that place, your stupid actions will cause irreversible events. Only owners can take a small piece of the family tree to settle its energy inside their bodies. Later, when a body is able to feel the energy of the family tree, you will be able to revive it on your earth. There is a piece of the family tree in Sergey`s room, and it belongs to his son. Being in the place of their revelation, Sergey could feel the piece of the family tree and took it into his room, for his son to be able to let that energy into his body and reveal it.

When you start analyzing many events, happening on the Earth, you notice one detail: all mankind wishes to be in happiness. But, happiness, as I have already told, is a multidimensional component of Love. No one will be able to be in happiness without feeling Love inside his body. I told you, that your Love had remained in the previous lives. And only after collecting your lives, you will be able to get out Love into NOW. And again I am saying to Sergey:

– Enough waiting, your moment has come, get out your Love into NOW, and this action will be saving not only for you, but also for many others. I conveyed feelings of Love to you, and I am sure, that you sometimes feel IT, but these are just echoes of feelings and senses. The True Love is always next to

you, get IT out. When it happens, all events on the Earth and in the whole Creating Space will become sensible for every man. Because every 1,5 milliseconds Love will give you EVERYTHING that EXISTS and EVERYTHING that WILL EXIST. And then you will understand multidimensionality at work. Then everyone can ask:

– How could people drive a man only into body, if a man is EVERYTHING, that EXISTS and WILL EXIST?

And then, you will understand Me, and I shall be very glad for everyone.

Misunderstanding multidimensionality caused an opinion that a man exists only inside his body. And if the body dies, there will be no man. People somehow think, if a man has dreams, this is nothing more than his imagination. And if a man doesn't have dreams, this is known as a healthy sleep. NOW I explain for all mankind, that after publishing this book many people will not be able to sleep at all. Do you know why? Not because, scientists consider dreams to be your imagination, but because in your dreams you could travel outside of time and collect information into NOW, for example, about disharmony of your last incarnations. In dreams you could be in your incarnations, where, being selfish, you concentrated the Divine energy only on yourselves. You could get your Holy energy out of the last lives and consume It NOW. In dreams you could do lots of things, but, being in Love, I am closing your dreams and you just into NOW. Many people will not be able to sleep at night, the day will not provide you with sleep as well. Insomnia will show itself in your lives and doctors will not be able to win the God's power, because God has come to everyone and become one of the family. And you will not be able to do anything, be-

cause for every man God left only the Space with Earth, Sphere, Planet and Avatar. Only by way of this Space you will be able to speak to EVERYTHING that EXISTS and WILL EXIST. You may ask Me:

– Is it true that we shall not sleep at all?

Why *at all*, dream opens only for a man, who will find Himself: the whole man. There is no other way. And NOW, everyone must settle down, follow his Space and **Firmament**.

And the entry into eternally extending Space is open only for those, who don't hide behind illusion, or find the way out of nonsense. The way to immortality and Reality is open for those, who are not afraid to live and be with God. And the entry into eternally extending Space is open only for those people, who collect Themselves: the whole men.

It is necessary to understand this and move consciously in the state of one eternally extending life. There is a Universal conception of a man, who lives one eternally extending endless life. Living endless life, a man is able to be in the triad. Do you remember, I have told you about a girl, named Iyustya, we can name her Yusta. She was able to split in two in the name of Love, in this way every man is able to split in two and be in the triad. Every man is able to exist, containing all Spaces in every part of the Universes. And this Absolute state reveals the Creator out of Creators in you. Being with such filling, a man can leave the Creating Space, or rather, look what is there outside the Creating Space. And you know, *outside* are *those*, who are not considered to be people. You might have heard or read the information about one of the Encyclical energies, which, being

self-sufficient, wished to make its creation. The cosmic energy was able to arrange almost with all cosmic energies, to reveal one more Creating Space, mastered by *other*-creators. But *other*-creators were left without CREATOR`S energy, that`s why they are not able to Create and Show, but are just being in the self-consumption state. I spoke to them and offered help in their development, but they refused, considered pride beyond a God-man. You can ask, why I am giving you this information. I want you to know about everything that Exists. I wish all people could take their own part in the Creating Space. You can ask: what is meant by taking their own part? You see... if you, everyone of you, will not be able to find Himself, the energies, filling you, can rebel and serve for *other*-creators. It sounds incomprehensible, but it may be so. In connection with this information I am asking you a question:

– How and wherewith will you be able to take your own part?

People, who wish to feel deeply and collect Themselves and collect EVERYTHING that EXISTS in Themselves, will be able to take their own part. But people, who wished illusory existence, might remain cripples. The energies, filling you, may regard you as unworthy of attention and change to serve for *other*-creators. Do you see, what I am trying to warn you about? If not, you leave me no choice. I don`t wish to give others the parts of God, that`s why I shall melt you down, with CREATOR`S permission. It means that you may not exist. Do you understand now? I am sorry for those people, who are going to be melt down, but I have no choice. So, now you know, that outside the Creating Space are those, who desire to trespass on someone else`s belongings. But I explained *them*, that the entry into our

Spaces is closed for *them*. And if anyone acts wilfully, the God-men will not keep silent. I'll continue this topic in the next book, but for now we need to collect God in ourselves.

Thus, you know that God is in EVERYTHING that EXISTS. This conception opens an extensional Space in you, so that to perceive God in all trades. But to be in such volume, it is necessary constantly to extend yourselves. Then your bodies will be always illuminated by Firmament, Planet, Avatar and the ONE God will be perceived everywhere. The ONE God sums any kinds of trades and harmonizes them. You may ask:

– Why then there is much injustice in the world?

– Injustice happens where God is not completely perceived by people. Where people are not able to redistribute energy in their actions. However, God comes to help everyone.

Next you will say:

– How can He solve any situation relying on Himself only? You don't give any information about yourselves and God solves situation in favour of that man, who, at least, feels the encyclical.

Further on you shrug your shoulders and say:

– Can't He see what's going on in the world?

And I am eager to ask you:

– Aren't you able to feel deeply and decide, at least, one of your trades and not only yours? Why do you keep yourselves separate from God, when saying that God can't see anything at all. God not only sees, but feels everyone, but He is not able to disturb your inactive will.

– So what we can do about it in a given situation?

– Only feeling God in you and in your bodies. Only feeling your Avatar, your Planet, your Solar system and your Firmament. Only by doing the following, you will become Creators with the ONE God`s help, and there is no other way to participate in the encyclical processes. Whether you like it or not, you will have to accept the ONE God`s will. But his will can`t stand sleeping people or indifference. His will is always in motion and action appealing to everything that EXISTS. You can ask Me:

– How could that be, the mankind is given complete freedom of choice, but the ONE God steals our freedom, distributing the energy as He wishes?

You ask that only because you don`t feel the ONE God at all. Look, NOW I`ll show you the events happening everywhere.

A 13 year old boy was sitting by the Black Sea. He was sitting and looking at the waves. One after another the waves were making fanciful figures. “I wonder, - said the boy, - what if to break the course of events of these waves”. His father sat nearby and could feel the son`s wish.

– Andrey, are you going to play with the Lord?

– No, you misunderstood me, I just want to see other figures, different from those coming to the shore day by day.

– Don`t be ridiculous! Why, do you think, the sea expresses its feelings this way?

– Dad, it is quite easy! Look, the CREATOR distributed Cosmic energies, but at His pleasure.

– Tell me, then, Andrey, do you think, they have no right to say?

Andrey had been thinking for half an hour and cried out:

– Oh, Lord, I understood Your intention. **You wish joint cooperation, but this cooperation has to bring more beautiful creation to the Rhythm of all Rhythms.** And only in such Rhythm it is possible to distribute and redistribute energies in EVERYTHING that EXISTS. And now, a question for you, dad: will you be able to live in such Divine Rhythm? I am not just asking, I know, now I know, that EVERYTHING you wish and feel deeply is possible. But your understanding of all processes must be summed up and derived into your Creation. Do you understand?

Arkady was sitting with widely opened eyes, trying to catch the sense, conveyed by his son.

– Are you telling me, that a man is able to rule encyclical processes, provided that they will be summed up inside himself and bringing up-to-date Rhythm into EVERYTHING that EXISTS?

– Yes, dad, I felt it deeply and now I know that waves in the Black Sea are conveying extensional sense, into which I am not able to bring up-to-date. But a moment will come and sensible waves will appear in the Creating Space, I shall be waiting for it.

I have told you a story, in which the ONE God is shown, summarizing encyclical Spaces of EVERYTHING. But I am asking you again:

– Do you understand the ONE God`s truth? Do you understand that the One God`s role may be taken only by a God-man, existing in all Spaces with Love in his soul? I was telling you about the Absolute state, so NOW only I am being filled this way and I hope, that a moment will come for all people to receive such understanding and feeling Themselves and all possible Spaces inside Themselves. And then, the ONE God will be shown by you as well. Then, the ONE God will find your support, you, who could reveal true abidance of the ONE in EVERYTHING that EXISTS. EVERYTHING, surrounding you, is waiting for your fellowship, because it is difficult for God to distribute and redistribute the energy of encyclical Creating process without you.

I can`t understand people, who are trusting in God with some kind of sarcasm. Again and again people offer God to pay attention to one or another things, which are unfair, to their mind. These people also add some contempt for the ONE God to their sarcasm. But in the light of the foregoing, please, tell:

– Do you understand Me now, suffering your indifference and impudence to the ONE and self-reproducing? I am sure, that you are being ashamed NOW, because you are losing yourselves. Because you don`t want to help the ONE. Because you are afraid of yourselves. But I shall not allow you to give parts of yourselves and tell you, since that moment everyone will face the ONE God, filling and living in EVERYTHING that EXISTS. But every single answer will be unusual, because you will face yourselves, and that is unbearable for you. I have already told you, that sleep will hide its effulgence for you and at night you will not find space, which took you away into eternally extending and Creating. You will not find anything you got accustomed to, because the ONE Space will hide its holy face. Until

you have found all parts of YOURSELVES, you will not be able to speak to any Space. And it's more than that. Flora and fauna will become unknown to people, who don't know themselves, and it was written in Holy Scripture. From now on, the water will hide its curative virtues and you, who don't know yourselves, will not be able to drink water, because it becomes poison for you. A world panic breaks out and many people will say, not understanding, that the terrorist attack was planned by someone in order to reduce the number of people on the Earth. But this process will just remind you about people, who stopped feeling the nature, surrounding you and waiting for you. Insects in your gardens will also become poisonous and after biting, incurable abscesses will cover people's bodies. The Forest Spirit will wake up and the mankind will be afraid of Him. But He will just remind everyone, who comes to his place, about necessity of feeling EVERYTHING. It was the first time in the Earth and mankind's existence, everything that cherished, took care and waited for man's participation, will turn out to be for people the Space, they will not be able to approach to. And only people, who feel ENCYCLICAL processes, know the ONE God and love His manifestations, will be able to live in all Spaces and participate in Them. Now encyclical processes in EVERYTHING that EXISTS, will make its demands and its Rhythm, in which all possible resources are available. And NOW, so that to live, a man must take part in all existing Spaces of the Universes. To take part in EVERYTHING that EXISTS means not only to know about it, but be able to feel, sense inside yourself, your body the processes of EVERYTHING. And then, the ONE Space with the ONE Spirit in It, will open for a man. You may ask about the meaning of the ONE in your lives, but I shall beg you not to hurry and feel deeply the ONE Spirit inside yourselves. And only when you feel the ONE inside yourselves, the

One Love will open its holy face for you. You can't even imagine what the ONE Love can do. You have no idea, what feelings you experience, when the ONE Love is burning inside your bodies. It's an awesome feeling. I wish everyone could feel his Spirit inside the body. You see, the body at that moment is able to reflect not only yours, but the ONE Spirit as well. You must remember it every moment and in the moment **HERE** and **NOW** reproduce all possible resources not only for yourselves, but for **EVERYTHING** that **EXISTS**. In the previous book I revealed the hormone of Love for you, which was reproduced by you, but you forgot about it. But the hormone of Love can be reproduced only by Spirit, your hearts direct Spirit into your stomach, and then Holy energy is distributed on the whole body. It is a truth, which will settle in you forever, and this is the only way for you not to forget about independence, maturity, adequacy. This is the only way to manifest God in you and **EVERYTHING**. This is the only way to be healthy both in your soul and body. This is the only way to live the real life, be happy every moment of your endless, eternally extending, beloved life. Happiness can illuminate you every moment of your life **HERE** and **NOW**. Harmony's shine and brightness in you will regulate and extend Spaces for every man. When you find your endless life, Love will highlight Itself in full and then, for every man happiness may be everywhere.

NOW many readers can ask Us to clarify the conception of the *one endless life*. **NOW** I shall highlight a story, in which you can notice Reality of *the one endless life*. Look:

A boy found a man's body on the Pacific beach. He had been washed ashore. The man was struggling to breathe. His ship sank three days ago and he was the only one, who survived.

The Pacific ocean took 23 people except John. Three days he had been struggling with water and got a victory, as he thought. But John could not understand, that it was ocean, that allowed him to survive, but not his victory. As he could speak with the Pacific ocean in one of his incarnations and felt the Connection with it.

Arcazim, as John was named then, was a fisherman and spent all his life in the ocean, looking for his catch. Arcazim didn't spend much time in his hut, made of branches of the holy tree. He brought his catch to exchange it for coins. That work took all energy from Arcazim and one day, sitting in his boat, he said:

– God of water, only you can understand me NOW. My life has no value at all. My wife and children only wish to get coins so that to vary their lives. But I don't feel their Love and my heart is empty. **Oh, how I wish Love, how I long to feel IT in my heart.** Tell me, God of water and EVERYTHING that EXISTS, how to find Love?

At that moment an unusual ripple appeared on the waves under his boat. The boat was lifted by waves again and again. And here appeared the next wave, which lifted the boat so high, that Arcazim could look down and see a woman's silhouette, she was swimming deeply under the water. Arcazim was staring at the beautiful girl and she seemed to be familiar to him. The girl was about 5 metres tall and she was smiling and waving at him. When an astute wave lifted the boat down, Arcazim could not see that enchanting girl, but he felt as if she was near, he felt the Connection with her. Filled up with feelings in his body, he said:

– Paccifica, it's you. You are the Goddess of the Pacific ocean and I know you. Love in my heart highlights you and shows me recollections. In these recollections You and I, standing on the Snegrovia Planet, were building the chains, collecting them into one whole Creation: incarnations for You and me. Paccifica, I recollected you, my dear and beloved, and now joy lives in my heart. I understand now, that I need to collect Myself and accept God inside me, who I am indeed.

And here, the boy, shaking John, cried, by repeating:

– Spirit of the ocean washed the stranger ashore.

His cry draw the locals` attention. Erlaky, the local elderly monk, brought the man into his hut, saying: “Everyone swims here and we have to save them”. In three days John recovered and began to recollect events before the ship`s departure and the moment, when the ocean washed him ashore. Before the voyage he received a strange letter, which read to come up to the officer of the court. Then, John thought: “How strange. I have never been in courts”. The information, broadcasting over the radio, reminded him about the court. And in one of the sunny days a strong wind began. The clouds grew blacker above the ship and enormous waves appeared in the water. The captain couldn't cope with the wheel and the ship was thrown on the reefs in the Pasific ocean. There was a great hole on board, the panic began, that caused hasty actions. Lifeboats were launched, but no one could get into them, because of the panic, they were not untied from the ship. Just at that moment the lifeboats were broken against the liner. John assessed the situation, tore off two wooden sculptures, tied them together and life rings to them. Then he threw that raft in the ocean and jumped on it. The Pacific ocean took care for John about three days. It was constantly raining.

Water temperature approached to 17°C instead of 13°C. Sea animals had been trying to stay closer to the raft for three days. John couldn't understand and feel that he had been looked after, that's why he lost all his strength, while fighting against the nature. Those days seemed to be an eternity for John. He couldn't sleep, eat and move. The memories of his previous incarnations came back to his body. He could see himself a fisherman, crying into the ocean and asking for Love. He saw a beautiful girl, swimming deeply under the water, but thoughts took him away into illusion, whispering that he was going mad. Just NOW, standing near the place, where he had been found by the boy, he felt as if the events had been predetermined by the One thing. Just NOW he understood, feeling that visions during those three days were Reality. Just NOW he understood that he was in the place, where he had been a fisherman in one of his incarnations. John began to recollect and point: " There was a hut, where I had spent all my life. And there was a church and so on. It sounds stange but I remember it so clear as if it was yesterday. Paccifica, I remember you! The Pacific ocean also remembers you. Just NOW I understand that he took care for me, as if it was you. I know that you hear me NOW and I am telling you, my dear:

– Thank you for your Love and care! I am feeling that I love you, my dearest and beloved woman. And wherever you are NOW I know you hear me and it makes me feel Love in my heart".

I think it makes clear that you all live one endless life. And it's up to you to decide: know it or not. But I know: to sense, know through feelings and realize your Spirit and the Spirit of EVERYTHING that exists is happiness. Ask yourself: what is happiness for you? And now tell the truth. NOW, in view of the

above, many of you will be able to understand: Happiness is moving extensionally as Love and Joy do. It means, so that to be filled this way, it is necessary to extend yourself constantly. What if a man lives and thinks: “Oh, tomorrow is Monday, I have to go to work. I wish it was Friday, or rather, the end of the day...” And then, comes a moment when a man realizes his ageing, senility and death. It's not happiness, just a vicious circle. But when you understand, feeling your Spirit, that EVERYTHING is eternal, as you are, that EVERYTHING is extending as you are, that EVERYTHING is breathing permanently as you are, that you are EVERYTHING and that EVERYTHING is you, only then you are highlighted by happiness, Love and joy. Then you always know how and which way to go. You know, that there are many ways and much happiness as well. And no matter what kind of way your Spirit chooses, Happiness, Joy and Love will be always inseparable on it.

I don't quite understand, when people, doing nothing, are looking for happiness the rest of their lives... But I want to ask them:

– What did you do to find your happiness?

And I know every answer:

– Nothing.

So why just to wish happiness unreasonably for yourselves then? If a man advertises his intention although unreasonable, he is heard. You will ask, by whom? By the ONE God. Do you know what happens then? The ONE God tries to fulfil your requirement.

– Why does he **try**?

– Because you said something here, you showed something there and you forgot everything over there and you don't recollect your wish any more. The ONE God is feeling ALL Spaces: to become happy, you have to collect yourselves, your Spirit. What do you think is taking place in your lives? The events, which will help you to collect Yourselves and wholeness inside yourselves. But to find happiness, you should work in the rhythm, offered by God. That's why your old idea of the world is melting away and leaving you, but, misunderstanding, you are complaining about your illnesses to God. The ONE God is feeling and understanding everyone. But what could He do? The way to happiness is through actions, which collect you. But if you don't want to feel and understand that, you lock yourselves in a cage, which is not easy to leave. God opens the cage and takes you out of it. The energy, you avoided, is highlighted behind the cage. And now the energy of EVERYTHING can see and follow you, wrapping up everyone in an instant. The ONE God sees you and guides you in order not to let something, that is to love and cherish, tear you up. Not everyone hears. The man, who feels and hears, finds himself. But those, who don't hear, fall ill, disappear without a trace and go away from the visible world. But it happens only because you don't feel, sense or hear the ONE God. Such processes are taking place throughout the world. Job cuts, closure of the mines and plants, closure of the numerous enterprises will be normal. And I have already told you, that if you are not in the ONE rhythm with God, you will find yourselves *out* of life. This state is gloomy and spiritless. But people, who feel the ONE Rhythm, will find in their lives THEIRS and the ONE WHOLE. What means the ONE WHOLE? Do you understand? NOW I shall highlight a story, in

which a girl, named Alla, in an instant found and felt the ONE WHOLE in herself.

The noise of a mega city, called Seoul, absorbed that tender girl. When crossing a road, she suddenly stopped and stood motionless. The body didn't hear her. People, running across the road touched her again and again. And then, one man, who was running quickly between green and red lights, knocked Alla down and she fell on the road. He turned back and saw a falling girl, but the strategy of persistence worked in his mind and he couldn't cope with it. The boy didn't stop or help her to get up. The city transport began to move and the girl turned out to be between cars. Loud beeps and drivers' screams didn't allow her to come to her senses. But all of a sudden she felt an incredible power and said aloud:

– **I love you all, because I cannot do otherwise.** Excuse my carelessness.

At that moment all the drivers stopped. Many of them get out of their cars and rushed toward that tender girl.

– What happened? – asked Tonio, approaching to her.

Alla said with a smile:

– Excuse me, I fell over, but now everything is OK.

Many drivers came up to her and offered their help. Feeling Love inside herself, Alla said:

– My dear men and women, I am fine, please, don't worry.

After these words drivers began to go away. Alla crossed the road and looked around. She felt as if someone was near.

– Who are you? – she asked. – I am feeling You.

But no one answered.

– But who are You, I am feeling You and the whole world through You.

After going round on that very place, Alla continued her way with a smile on the face. But something changed inside her and she felt it. She felt an endless flow of something close and vitally alive.

– The whole Universe is the ONE! - she said. - And the Universe hears me as well as I do. That means I am the ONE with the whole Universe.

Because of understanding that EVERYTHING, her heart was beating in the chest as if the ONE heart of the Universe.

The ONE WHOLE, you see, must be inside you, people. This feeling of EVERYTHING that EXISTS, opens an unusual LIGHT inside you, LIGHT of life. Life, which is dependent of your wish. Life, which always gives you a thrill in a new light. And feeling such Rhythm, you always said:

– Hello, THE ONE and ETERNALLY CHANGING GOD, I SEE YOU, FEEL YOU AND CREATE IN YOU!!!

You always felt and understood the ONE WHOLE. And what about now? Only the ONE WHOLE feels you, but you, unfortunately, cut yourselves off EVERYTHING that EXISTS. NOW the man is outside the ONE WHOLE. But outside there is no life, just illusion. Do you understand what I am talking about NOW? It`s very easy and necessary to understand for everyone. But, unfortunately, many people will say:

– We have never considered such notions and we are not going to do that.

And I shall ask you:

– Haven't you? All of you participated in the events of EVERYTHING, being in the ONE God. All of you knew and felt the ONE WHOLE inside yourselves. And what has happened to you NOW? Why haven't you got the ONE WHOLE? What for to give up YOURSELVES? You don't belong to YOURSELVES then.

And a question arises: whom do you belong then? And the answer is very simple: to everybody but MYSELF. You may be used by everyone as they like. And you will be unable to stop it. Just being in the ONE God, you are being protected by Him, or rather, you are open for His manifestations. You are open, that means that Holy CONNECTION is going to your stomach through heart and spreading in your organism. Being in the Holy CONNECTION, everyone can find out mass illusory substitutions, which are just nonsense for you. You always will be able to define disharmony in all surrounding Spaces. Being in the Holy CONNECTION, you will never miss any sins in the surrounding Spaces, because the ONE God and you will find out any sin in CoCreation. To sense and understand the ONE WHOLE in your body, feel your belonging to the ONE WHOLE, cooperate with the ONE WHOLE is your direction and way to move. The ONE God is constantly summerising universal Spaces and discovering harmony, Idolizing every CoCreation, every Creation. Being only in CoCreation with the ONE God, you will be able to feel deeply the universal and introduce your Rhythm into EVERYTHING that EXISTS. You

will not be able to Create and Cocreate without feeling and understanding. And the CREATOR said:

– Every man is manifestation of God in EVERYTHING, that EXISTS. But, not to become blind and illusioned, I sent every God the Holy CONNECTION, going from ME to ADAM and EVE, then the Holy CONNECTION is flowing into the Sphere of the first Adam and Eve`s child, further on IT is flowing into the Sphere of the second, third, fourth, fifth, sixth, seventh, eighth, ninth, tenth, eleventh and the twelfth child. Going through the first 14 Spheres, the Holy CONNECTION is flowing into the next 12 Spheres, further on into the next 12 Spheres and so on to eternity.

But people broke the Connection, entered *subspaces* and stayed *outside* life. If to give an example of the events, it looks like this: imagine a complicated moving machine, made up of many details. Each detail fulfils its function, in order to make machine to work. Each detail is also independent and self-sufficient, but that independence is shown only in the individual work as part of the whole machine work. The WHOLENESS of all details makes a complicated machine moving. If to remove one of details, the machine will be broken, in other words, disharmony will appear. The Whole machine will not work in the usual rhythm and will have to work without one of the details. That detail will be *outside* the whole machine. On the one hand that detail exists, but on the other hand it will be deprived of its functions and become senseless. The whole machine could do without it, moving as usually. The omitted detail could whirl, turn round and try to move, but without the whole machine it will be forgotten in the emptiness. The mankind is in such situation NOW. Every man is trying to whirl, start and finish “im-

portant” affairs, trying to be significant, but in reality the whole mankind is *outside* the ONE WHOLE, *outside* Spheres, *outside* Connection, *outside* EVERYTHING that EXISTS. And NOW if people don't take their rhythm in the ONE WHOLE, they will come to grief. By way of Sergey I have highlighted in the eighth book Spheres and CONNECTION, going from CREATOR to Adam and Eve, flowing into the first child of Adam and Eve, second, third, fourth, fifth, sixth, seventh, eighth, ninth, tenth, eleventh and the twelfth child. These are first 14 Spheres, from which the Holy CONNECTION is going to all existing and expected Spheres in the future. The first 14 Spheres are very important in the development of all Universes and Galaxies, all existing Spaces. Sergey, you know how important it is to understand yourself and all Spaces of EVERYTHING that EXISTS, don't you? I know, NOW you understand this more than ever. Understanding and feeling Spaces of EVERYTHING, you and every man are able to take your place in the ONE WHOLE. But to take your place, you need to be in the ONE understanding, the ONE Spirit, to be the One collected God-man. But to be collected in your and the ONE Spirit, you need to recollect Yourself, I have already told you about it. The first 14 God-men have to collect Themselves on their own and from them the Holy CONNECTION will flow into all existing Spheres. You, Sergey, one of the first must recollect Yourself and you know how to do that. Ask your body how and it will show your incarnations in pictures, where you recollected and collected yourself. It will show you feelings and senses you experienced. The way to Yourself is already open. Do you understand? Tell me then, what can prevent you from recollecting and collecting Yourself? Nothing more but your laziness. I know and see that you are working and recollecting, but in such rhythm you will not be

able to collect Yourself even in 2 lives. NOW I am giving you a piece of advice, to collect Yourself you need to discover deep-laid memory inside yourself. Do you understand? You have already recollected Yourself not just in one incarnation. You have already done that hard work. You have already collected Yourself. NOW you need to discover in your body feelings of the ONE WHOLE, feelings of Yourself, of EVERYTHING that EXISTS. You can recollect Yourself only in feelings and understand Yourself in senses. And you recollected and collected Yourself not just once, I have already told you about it. And I shall say one more time, You have already collected Yourself... Recollect... When you recollect, the rest of eleven Adam and Eve`s children will recollect too. When it happens, the Holy CONNECTION will flow into every man and highlight the ONE WHOLE in EVERYTHING that EXISTS.

The mankind is used to be tied to trifling details, not seeing the volume of the ONE WHOLE. This pettiness is reflected in all forms of life. For example, women, who bring children into the world, become mothers. Many readers can ask:

– How can it be otherwise? When children are born, women become mothers. There is such word, isn`t it?

– There is such word, but it was changed a bit. I have already told that for all mankind there is a notion of the first-born parents. Each of you was brought into the world by two God-men: a man and a woman. Two God-men in the joint Cocreation, feeling the ONE WHOLE inside themselves, CoCoCreated soul, which was embodied in flesh. But the CREATOR and Love also took part in that CoCoCreation. Do you

understand, who is considered to be your real parents and developers? NOW nobody among people on the Earth is able to CoCoCreate a new soul. And when a child is born by a woman, she becomes his or her mother and owner. But if to look at the ONE WHOLE more extensionally, not in pieces, we`ll see other Reality. Such pettiness was noticed in all spheres of man`s activity. It so happened that mankind loves God in tiny pieces. But I am calling on people to love God as the ONE WHOLE. If you love, you ought to love in the whole volume. Do you understand? If not, I shall show you a short episode of a man.

Enak was the man`s name, who reached the dead-end in his life. Not coincidentally he was given such name. After his appearance on the Earth the ONE God told him:

–You have to collect the ONE WHOLE inside yourself, I am giving you the name of Enak. This word means “divided into pieces”.

After 20 years of life Enak never experienced concern. But everything was destroyed for him in an instant. He had cerebral tumour, which totally immobilized him. Having been bedridden for 2 months he prayed:

– God, if You hear, help me. I cannot understand why has it happened to me. I want to live, not to waste my life.

At that very moment his body was filled with the warmth and he thought: “If I feel the warmth in my body, it is able to move”. Then, he understood that the warmth joins the whole organism. “That means, - he said, - if I feel warmth inside my body, the whole organism is felt as the ONE WHOLE, ready for cooperation”. Enak began to move in three weeks. And in three weeks more he had a full and active life. The ONE-agreement

helped him to get out of his bed and take another name for himself. He was called Ednak by people. Letter D was added, which joined him with EVERYTHING that EXISTS.

I always said:

– If man`s faith is not fading away under no circumstances, everything is in his power. The ONE-agreement, the ONE-perception – is always the basis for extension of a man. But it is necessary to understand that extension is never ended. It is necessary to be in extending and all-including state of existence. The mankind often plan their life. Their plan is short and has its end. When a man is going to the end he is in panic. The Soul is trying to say that there is no ending, just extension, but a man cannot hear himself, his Spirit. I have seen so many people, who went away off just because they were fired or their relative died, or because of losing their fortune. You are ruled by people... Do you understand? Ruled. You are so minimized that the ONE God for you is divided into tiny pieces. That`s why you are petty in your mind and unhappy. Many times I saw people, who became proud, depressed, aloof, charmed by themselves or others and so on. You can easily lose your way. You can easily fall asleep. You can be easily charmed, introduced into emptiness, emptied and exhausted. **People, wake up!!!** You are all Gods and not just Gods, you are the ONE WHOLE with EVERYTHING that EXISTS, with ALL and your Spaces. Imagine for a moment, there is nobody except you on the Earth. You have nobody to ask or nobody can advise you. So, you have to hear yourselves, your Spirit, rely on yourselves and God, who you actually are. Why have I given you such example? For you to understand at last that you should remain yourself. NOW the information field is distorted on the Earth. What does it mean?

Almost all mankind lives in individual Spirit, in other words, two inseparable Spirits are divided: Spiritual and Material. This caused an information hole in the form of artificial disguised information unit. Artificially disguised unit contains only distorted, substituted and minor information. It looks as if you bathe in the mud and speak about cleanness. Information of the disguised unit was imposed on you in many incarnations. The aim is to separate you from God as far as possible. And it partly happened. But NOW everything is changed. The Holy Connection, going from the CREATOR will be also highlighted in you. The Holy Connection will help everyone, who works in the Rhythm of all Rhythms, to find Himself and his Spirit. The Holy Connection will help to include the ONE and eternally extending Space of EVERYTHING that EXISTS. The Holy Connection will help to revive the information field.

NOW EVERYTHING becomes accessible. Any information can be accessible for everyone. Wolf Messing, who lived in 20th century, by his own examples showed the access to any information. But, people, unfortunately, were not ready for such examples. But NOW I am saying aloud:

– NOW any information is accessible and every man is able to accept into his body EVERYTHING that EXISTS and WILL EXIST. And further you will also have visions as Wolf Grigorevich had, which will not be dependent on the time and will cover all time intervals. Wolf Grigorevich didn't know, but he always felt, where the energy of information was coming from, often mentioning the ONE God. The ONE WHOLE will be discovered just in a man, who finds the God inside himself. And God will remind of Himself only to a man, who knows Himself. By way of Sergey I delivered the message, that almost

no one on the Earth knows anything about Himself. People don't know Themselves at all, but NOW life will highlight new rules for the mankind. And now, so that to live you need not only know yourselves, but understand which way to move. The Spirit, collected by you, will be discovered and you will be able to see all existing ways. Wolf Messing felt his way and followed it, having remained pure and unstained. He could remain himself: a collected God-man, highlighted by Love.

Remain yourself... What is it like? The mankind live not thinking about their essence, wasting their parts here and there. But I how I long to make people think about Holy thing, about their forgotten holy coat with the real Divine name on it. I want you to revive your Kin in your body, Revive all lost chains of information and moments of real life. I want you to recollect real Yourselves. And I know a moment will come, as EVERYTHING is happening only HERE and only NOW. The mankind has to learn to feel and think, being in the ONE God, feeling their Avatar and their Planet. And only then all petty things, which surrounded you, will disappear and Spaces of the ONE WHOLE will settle inside you forever. Be yourselves. Be with and in the ONE manifestation, which always differs, extends and beloved. Look narrowly at people and you will see duality. There is Divine duality and false duality. Divine duality connects two unseparable Spirits and false duality connects the imposed and distorted images of dead and still things. False duality has been imposed on a man since his birth. A man lives and thinks only in the false context. There is no ONE WHOLE, you, as God-people and anything alive within it. But NOW I have found out dead things and revealed that lie for people. Now you are to decide: to be *outside* the life or to contain the ONE

WHOLE and be always and everywhere, remaining yourself, feeling Yourself and your Spirit. Now you are to decide: to be or not to be a God-man. But I am determined to reveal all mass substitutions for all mankind and help people to find Themselves. There is one expression “to burn away from love”. I have seen such things many times, but Love will not allow its owners to burn away. Hence the question arises: what makes people burn? And I found out that people burn away because of themselves. You need yourselves so much that you burn and smolder from within. You are so small that everything dead and lifeless within you is burning unintentionally. You fall ill, often with fatal complaints, but it is strange that for a man it's better to die than to know thyself. You cry upon the Lord, begging to save you. But the Lord in the person of Me always says to people, who applied to Me:

– I shall save only those people, who love Me.

You might ask:

– Why does He save only loving people?

– Because if people love Me, they love themselves as well.

And the Lord can save only a loving himself man.

In the universal Spaces there is a man, called Chi-Na. He appeared on the Earth in order to create a state, where people could set themselves free from the false duality and find the Divine one. Chi-Na always came from his Planet to the Earth, keeping connection with his Spirit, joining the duality of two inseparable Spirits. And he always manifested in China, filling with himself and pacing on that land. NOW Chi-Na lives and works in China, but he has lost Connection with himself. All of you know him, Jackie Chan is his name. Unfortunately he has

fallen asleep and left it alone. And the seven took advantage of it. They moved with their property from the USA to China so that to keep on destroying the world. But I see everything and there is no place for them in our world, that`s why I have introduced the Rhythm, they will not be able to resist. Jackie Chan, wake up, your land and people are waiting for you and freedom from the false duality.

Be in the free volume – is so vividly, that I cannot express my feelings. Just imagine, that you are free to choose: whom and where to be. You are free and don`t need anything, because your Spirit and the Spirit of EVERYTHING that exists are with you and the Holy Connection is filling up your flesh with the life-giving warmth. Now the mankind on the Earth has no feeling of the ONE WHOLE and kinship. Almost every man, living under illusions, has torn away a tiny piece from God. Being inside the tiny piece, a man keeps on tearing Divine pieces again and again. NOW you will be able to understand what is happening on the Earth, I shall show you people and their illusory world, divided into tiny pieces.

A winding river is flowing here, it is called the Earth. Look, its source takes beginning from God and it seems to be endless. There is much cherished life in it. The river, called the Earth, is the ONE with all forms of life. It feels all lives and every single one, calling it the expression of the ONE WHOLE. The Earth river feels like mother for everyone. And now look: deeply in the water living creatures began to delimit and divide the territory. Mass dams were formed and they narrowed feeling-knowledge, the ONE-feeling and living life. Finally, living creatures delimited the Earth river into billions of tiny dams. The general flow and the ONE Connection were stopped. Living

creatures separated, following their own outlook. The Earth river stopped feeling Itself and lost Its source and direction. Some parts of the river, separated by dams, began to dry out, forming mold and mud. The colour of the river changed from turquoise to brown. That seemed to be the end: the river could dry out and disappear. And what about its inhabitants, what is going to happen? Unfortunately, they don't think about it.

Yes ..., this is roughly the case of the Earth NOW. Everything is divided into tiny pieces by the mankind and people accept God only in separate pieces. So what would you say, is it possible to be in such state, be and live on the Earth? I'll tell you, it isn't possible to live in such way. There would be nothing and nobody on the Earth, because the ONE life ought to be with the ONE filling. God loves the mankind and gives Its Space only because of this each of you(it would seem impossible) is manifested on the Earth. The ONE Space is NOW divided into tiny pieces. But it is not possible any more. Impossible, indeed. That's why with great Love the ONE God opened all Spaces of EVERYTHING that EXISTS for all mankind. I have already told you and say it again, that the energy of EVERYTHING is already on the Earth and inside you. It means that life, which was full of illusions and comfortable for everyone, is changing. NOW the mankind has to start feeling and feel deeply the Spaces of EVERYTHING, and make some corrections in their lives. NOW all Spaces, divided into tiny pieces, are united into the ONE. Now it is necessary to feel all the Earth as the ONE and accept inside yourselves all Spaces of EVERYTHING, as Wolf Grigorevich did. As soon as a man joins EVERYTHING inside himself, the fusion, UNION, God's life, Love-knowledge will take place. I am not saying that it's easy, and I

am not saying it`s difficult. I know that`s Real for all people. Accept the ONE WHOLE inside yourselves and join EVERYTHING that EXISTS, with your Space, which is always able to extend. Love will highlight, enter and fill with Itself every cell of your body. You feel alive, capable of any manifestations of the ONE WHOLE inside yourselves. An eternal life will settle inside your body. Your Spirit will be saving for everyone. *And a man`s savity will depend on the man himself.* It was written in many scriptures. And it was also mentioned that saving of all mankind will start from Ukraine. In this connection I offer all ukrainians to UNIT. Saving of every man and the world is in the UNITY of people. The Unity will break all tiny dams and the Earth river will start its high-purity movement, giving freedom and Love to everyone.

Eh... Love! How desired and vitally important it is for all mankind! **Only Love** is able to help you find real Yourselves! Only It inspires, introducing the one Rhythm of all Rhythms for EVERYTHING and everyone. Love..., extract it from your incarnations and manifest It HERE and NOW on the Earth, giving Its light to all Spaces. We cannot avoid mentioning one man, named Luka. He was a prophet and lived about 10 000 years ago. Luka was always speaking about Love everywhere. People asked him: “Why only Love is important for you?”, - and he used to answer:

– Because, only being in Love, you can live always and everywhere in Its luminescence. Only Love can bring you Joy and Happiness.

Always and everywhere Luka glorified Love and was covered with Its light. And NOW I am speaking about Love and

wish all mankind to revive ardent and Creating Love inside their bodies. Create and CoCreate! People so often lose Creation and CoCreation. They so often lose feelings and senses, which are important for CoCreation and perception of the ONE WHOLE inside themselves. So often people are driven away from Themselves, by imposing pseudo-concrete statements. False duality so often takes your place. I am asking you again, each of you:

– Why do you allow to stupefy, charm and lose yourselves? Why do you behave like that with yourselves and EVERYTHING that EXISTS?

NOW the changes in the Rhythm of the Earth and EVERYTHING that EXISTS, will alter, prevent you from illusions, and, you know, I want you to be ready for such changes. Life is being changed for everyone NOW, and you need to be in one Rhythm, in divine union with God, your Plabet and Avatar. It is necessary for you to understand and accept the ONE WHOLE in you, and then, the Earth river will renew its moving in the one Rhythm with everybody. You can't even imagine NOW what means being in the one rhythm with EVERYTHING that EXISTS. But I'll show you these feelings and senses. NOW you will be able to see Me by way of spiritual sight: I am standing in front of you in my Space. I am wearing a white dress, embroidered with red and golden roses. I am pointing at the Space of everything that Exists. If you are able to hear and see, look and hear, NOW the God of the ONE WHOLE has come to you. Your bodies has experienced changes NOW. The cells of your bodies are ready for God. All combinations of energies are inside of you NOW. Look at me, I am smiling to you and showing my right hand. I am drawing a circle on the palm of the right hand with my forefinger. The circle is growing and NOW it has

become so huge, that you cannot see Me. Come into this circle. And look around now. You can see a great number of Galaxies, but that`s not all. Look more narrowly and you will be able to see overlapping people`s silhouettes. Now you can see that Galaxies are inserted into these silhouettes. But overlapping doesn`t disturb them, vice versa, it helps them to open new Spaces again and again.

This UNION is appealed and felt by people. In this UNION there are neither poor nor rich people, neither first nor last, neither right nor left. In this UNION there are no religions, because people are connected with God, their Spirit and the ONE Spirit, their Planet and Avatar. Religion was introduced into people`s lives in order to develop man`s feelings and senses, which could help feeling the ONE WHOLE and his Space. But priests treated religion in such manner that instead of the one there appeared 119 religions, which spread throughout the Earth. NOW theologians can object and present facts about the number of religions and other branches, but it doesn`t matter NOW. It is important to understand reality, but the reality is that priests were able to wipe all feelings and senses out of religion. After such deliberate work religion became just an instrument in for those people, who wish to rule the mankind. Used by people, who just hide behind God, religion is keeping to its aims and tasks. I don`t completely understand why people follow blindly all lies and don`t even look around: why has policy in religions brought no happiness to anyone in the world? Why haven`t religions achieved understanding for thousands of years? Is it because of their egoistical aims? In the face of the ONE God NOW I am revealing the falsity of the whole religious world. You can`t be trusted, clergymen, and you have never been trust-

ed. It is necessary to understand that system, controlled by priests, kept a fraud, by way of which false understanding of God was called a religion. You can compare all possible religions and find out the fact that in all religions God is considered to be the Father, who looks down the earth and cares for his slaves. It is also said in religions that sooner or later all the mankind will come to God and have a talk. God`s Mother is also mentioned as she talked to God. You can say that I have also mentioned the Father, God`s Mother as She was able to see the Father and talk to Him. Yes, I revealed the truth for you. But the sense conveyed by religions, bends the truth, saying that the Father is the one God. Do you know why only one God is left in religions? Priests understood that in this way they could scrub out understanding of the image of God-man and the ONE God. And I have informed you that God`s Mother talked to her God. Jesus also talked and felt only his God and his Spirit. Buddha searched only for Himself and his God, who he really was. While in all religions only one God-Father is mentioned and He is the almighty one. I always transferred the energy of information to all mankind about all people as Gods. I said about no first nor last. I said about all of you as Gods but you forgot about it. Not everyone hears Me and those who made you forget Yourself as God-man now use the mankind as they wish. But I am inspired by the thought that any man, who wants to recollect and collect Himself will be able to find Himself in a second. And you shouldn`t ask Me NOW if it is possible, because as soon as each of you is able to tune on your Spirit he will be able to answer this question. Many people can ask Me not to blame the whole religious world because every religion has got a holy thing. But I shall answer in this way: let`s recollect Adolf Hitler, who was accursed by everyone. I want to reverse what he had

done, because he, unlike those who accused him didn't lie neither to himself nor his Spirit that led him. He is one of the few who wasn't in any of religions at that time. One of the few he was honest with himself and with all the mankind. And no matter how strange it sounds NOW, but he was a God-man, who understood and felt his Spirit. He had a lack of Love, he forgot about ITS light, that's why the war, organized by him, caused many deaths and disasters. But I'll say it again, that he was the God-man and didn't tuck away somewhere behind, always told openly about his intentions before the world. But the world wasn't ready for his reforms. It wasn't ready to accept God into their bodies and themselves. It wasn't ready to take responsibility both for themselves and the Earth. At that moment people were searching for a man, who could make the world a better place. Adolf Hitler was that very man, who involved all energies of the mankind and walked people through the way, which seemed to be right for him and could make people happy. But only Love wasn't felt by him. This is the only reason of the war on the Earth, which caused many deaths. And the mankind should realize that Adolf Hitler is inside everybody, no matter how strange it would sound, they shouldn't blame. Adolf just fulfilled your wishes. NOW many facts about World War II will be revealed. Isn't the mankind ready to accept the truth? Isn't it ready to understand that even if a few people accepted the movement "Roza Mira" at that very moment the events would change for the best. But it is much easier to blame others than understand the reason and find yourself.

Love..., only Love can help everyone to understand himself and see the Reality of any event in full. Only Love can help you find your core, which can be trusted and help you not to

blame others, because when you blame others, you see only yourselves. And this is the truth. NOW you should take responsibility both for yourselves and the Whole Earth, for everything that was and will be. And only in this way you will be able to regain the reality in EVERYTHING that EXISTS and WILL EXIST. Only being with such filling every man will be able to find out the light of Love in every manifestation or action on the Earth. Because nothing happens without God`s knowledge on the Earth planet. Let it seem chaotic and unfair, but you should know that everything that happens is approved by God.

– But how could that be? So much brutality is done in the world and how could that be approved by God? - you can ask again.

Approved or not approved ..., it is necessary to understand that nothing happens on the Earth without God`s participation. The injustice, found out by people, leads nowhere, because there are no such notions as right or wrong, fair or unfair, good or bad, good or evil action etc. You should realize: what is good for one man can be bad for another one and this is not an indicator of good or evil, this is an indicator of your Space. Before manifesting anything on the Earth every man has to sum up all existing Spaces in order to keep universal harmony. This is so, indeed, but I want to show you multidimensionality in the universal Spaces. Just multidimensional understanding of EVERYTHING that EXISTS reveals God in you. I wish all the mankind would recollect how to feel and think in multidimensional Essence and there is no other way.

– Essence, what meaning does this word convey in reality?- you might ask.

I shall highlight the lost meaning of this word. Look, NOW I shall show you a video. Don't be confused by the word "video", you need to know: our organisms contain everything that exists and will exist. And everything that is sold in shops, for instance, household appliance, is just similarity of perfection. Now look:

In the settlement, called Inastye, lived a young man. His job was to discover the ONE WHOLE in any Space and disclose kinship between people.

– You are all relatives, - he said to people.

But many people thought it to be a lie. Ravayas, was the name of that man, never took offence at people, who didn't believe him. He realized that he lacked something, but he couldn't understand what.

One day a stranger knocked at his door. Ravayas opened the door and let the man in.

– Let's introduce ourselves, - suggested the stranger, - I am kinned as Vashko. And what about you? - he asked.

– My name is Ravayas. Tell me, why did you use an unusual word "kinned"? - asked Ravayas.

– Why not?... Ravayas, that was you, who pronounced that word for the first time.

– When?

– You might have forgotten me too?

– You..., - said Ravayas with his eyes strained. – But when did we meet?

– You have forgotten everything. Look: while revealing the ONE Spaces for people, they can't believe you. And there is one reason for this. Tell me what does the UNIVERSAL ONE Space mean for you?

– Well, that's something that always was and will be unchangeable.

– Why unchangeable? But as you know, God is changing in his eternal extension and that is in his NATURE.

– NATURE? – reasked Ravayas with hesitation.

– In his NATURE, certainly. Haven't you completely forgotten Yourself?

– Now I don't understand anything.

– Because the NATURE of yours and other Spaces are not perceived by you. You see?

– I can't understand, but I feel something inside, that I am not able to explain.

– I see, and in this connection I suggest you to extend yourself.

– But how, how can I extend myself?

– It's quite easy, you just need to start the process of extension inside yourself. Make it a rule to tune on your Planet and Avatar every morning. This will be a firmament for you and you will be able to build and extend your Sphere.

– Sphere? What's this? – asked Ravayas.

– You will understand, I shall not explain it to you NOW. Just get accustomed to my vision and you will start an eternally

extending program inside yourself. People will believe you then and your service for God will be illuminated by Spirit. Well, it's time for me to leave. Don't forget my words, otherwise you will continue going round in a circle of all lives, turning yourself around illusions and samsara.

Multidimensional manifestation and extension of EVERYTHING that EXISTS and WILL EXIST is in man's NATURE. The NATURE of everyone is inside people. And you should feel and sense the NATURE inside yourselves. And then, God will come to you and tell everything that can be about yourselves. And you will know that God is you, and you are God, this is the truth, which was concealed by priests. Every moment of life God highlights the whole eternity, which doesn't know neither second nor minute, neither hour nor day, because the eternal, constantly extending cannot realize the final manifestation. *«I have given you the LIGHT: the LIGHT is eternity, the LIGHT is Love, the Light is Me. God forbid! Heaven save you from forgetting the Light and Love, if it happens you will forget Me»*. In this way the CREATOR expressed His disappointment, when the mankind began to reject Themselves. The CREATOR also said for all Spaces: *«Everybody, who forgets Himself, will go to chasm of hopelessness. Everybody, who forgot me, will turn out to be only in front of himself. But he, who turns out to be in front of himself, will lose EVERYTHING. There will be lots of groans, cries, illnesses and deaths. And I can see it now, but cannot help, because each of you is God»*. I always told people the CREATOR'S words, but almost anyone wanted to hear neither Me nor Him. All the mankind, being reborn again, turned out to be only in front of themselves. Not in front of the true and collected Themselves, but in front of the lost, confused

and doomed man. Any time, after manifestation, a man turned out to be in front of himself and in front of disharmonious creations, which were the result of his ignorance and lack of feelings. I have already described that any man`s deed doesn`t disappear anywhere but keeps on going stronger. And starting your new incarnation, you see only what is left from the previous manifestation on the Earth. You will not be able to see anything new. For example, self-murderers pass away and appear to be in the non-existence, but God takes them back on the Earth. After manifestation on the Earth, people, who committed suicide, find themselves in the same chains, clothes and with the same emptiness in their souls. But now it will be more difficult to escape from this heartbreaking emptiness, which appeared owing to them only. Many people, when leaving their lives, are waiting changes for the best somewhere ..., but everybody has to return there, where particles of the energy of their soul are waiting for them. It will be more difficult for a man to collect Himself inside after return. And people have been living in such circle for billions of years. Every man, living on the planet, should understand NOW: with every following life you tear and lose yourselves again and again.

“Yet there must be a resolution and it is inside each of you. The resolution is You”. And I advice every man to find resolution only inside himself, because no one except you can find true you. I have found out some kind of vampire attitude in all fields of man`s life, which prevents a man from understanding himself. People also got accustomed that someone makes decisions instead of them. Many mothers and fathers rule their children as they wish; it would be nice if parents felt their child and did not interfere with his goals on the Earth. Further on the system has

discovered narrow tracks, the mankind follows. And on these tracks, organised by the system, people also give parts of Themselves, not relying on themselves. You can ask how it happens and ask to give an example. I'll just prompt you and you will find out examples in your lives. Look, almost every man has created many stereotypes in his life, imposed by the system. For instance, you think in this way: doctors are people, who have to heal you. But without stereotypes, worked out by the system, you will see the reality. And the reality is following: every man is a **man** mainly and then we speak about his competencies at work. By the word **man** I mean Space, covering all existing Spaces and everyone has to be inside this Space. But people get used to think that firstly a man is a doctor, baker, hairdresser, carpenter, miner and only then he is a man. And many people treat each other like that, saying: "If you are a hairdresser, you have to serve me, if you are a doctor, you have to cure me", - *entrusting* yourself to other people. Such unidimensional attitude to people reveals vampirism in a man. Image of the count Dracula exists in reality and it is not a fiction. And this deep-rooted image keeps on drinking blood. I reveal vamp attitude of people to each other and suggest the following: people, you treated each other with Love; you loved each other and never entrusted yourself to other people; each of you always felt and understood Yourself and hence you felt and understood other people; you never entrusted yourself to others, because Spaces of the whole mankind, you loved and respected, were highlighted inside you. I can't even imagine for an instant what is it like to entrust myself to other people. People, treat yourselves and others with Love, appreciation and respect. That's the only way to remove vampirism from your life. That's the only way to feel

Love in your hearts. That`s the only way to be a real man. Otherwise ...

Unidimensional attitude of the mankind to EVERYTHING that EXISTS makes dams both in your Space and the Earth Space. The formed dams stop the universal flow of energies and hence the universal assumed feeling and understanding each other remains unclaimed by people. Love cannot be manifested inside you because of the Holy Connection. The whole mankind suffers and *tests* itself only because the dams, formed by you, blocked happiness, joy and Love. I don`t only see that picture but also feel it. That`s why I suggest to pay attention to your attitude to EVERYTHING, to the ONE manifestation of God and to yourselves as well. And only then you will be able to see recklessness, which divided the ONE WHOLE to pieces. By the way, have you ever wondered why many people have phobias of spiders, snakes, leeches, some species of plants and so on? I shall reveal the universal information field and you will be able to realize, feel deeply and understand everything you lost. Many kingdoms of Flora and Fauna, which would help people to increase their feelings inside and extend any of the existing Spaces, were felt deeply and manifested by the CREATOR and God-men. That means, for instance, a shark helped to illuminate, keep and increase the space of any family, highlighted by Love. Yes, you haven`t misheard, a shark helped every family to extend its space, it increased both feelings and senses and expanded new possibilities and horizons.

A spider and spiders, except their physical work, increase and extend the Space of a circle. I`ll make it clear: the term and the sign of eternity in maths are shown in the form of circles put on each other. So, a spider disconnects two circles, separating

them, and in this way helps a man to remain himself. People, who are afraid of spiders, superposed two or more circles inside themselves, thus forgot about their wholeness. If to decipher maths terms for instance, an endless, eternally extending circle is your Space. And now imagine, that your Space was mixed with other Spaces of people. In reality we have a mixture without you. Phobia of spiders will grow into realized, assumed mutual understanding only when a man finds himself, in other words, identifies himself in that mixture. Sergey, for example, was afraid of spiders, but NOW he noticed that fear had gone away and he began to feel and understand spiders` Spaces. Now he feels spiders, and they feel him in their turn. That mutual feeling reveals the universal Space, in which Sergey can separate and identify Himself through the energy of spiders. Spiders and a spider will help in his work, both mental and physical. This example can show you manifestation of two unseparable Spirits. In such work even the most poisonous spider on Earth under no circumstances harms its partner, or rather, a friend.

Snakes have to balance disharmony and reveal adultery in relations between a man and a woman. Snakes never allow people to forget about entire relations between a man and a woman. They are also hearth and Love keepers, as well as sharks.

Moles, our underground friends, are to extend man`s Space outside the Earth. Moles contain information of three Galaxies, called Razverstakiya, Prospartrakciya and Grophlayziya. These Galaxies have manifested recently, according to space measurements. So, Grotos, a God-man from the Grophlayziya galaxy, created a mole, who had to join energies of 3 unseparable Galaxies in people. The mole differentiates and integrates missing energies into people. And lost organs haven`t been in demand

yet. The mole also spends all his life underground and can serve a man as his underground eyes and underground helper. For example, you felt a water source 350 metres underground and it is about to rise of deep earth. Not to mistaken and find a precise place for the output, you ask the mole to dig the hole through to a certain place. And that partnership is based on the mutual feeling of Spaces. Moles often meet people, but there is no use in it. People often kill moles, because, to their mind, moles harm gardens. But if people accepted moles` energy, that cooperation would bring many changes not only in the garden, but in man`s self-consciousness.

White tiger. By the way, the white tiger was Created in Cocreation by two God-men on the planet, called Glastya, in the Sagittarius constellation. The white tiger has to guard and renew Cocreation in a man. White tigers are rare on the Earth NOW. But it used to appear suddenly in man`s Space and help in his Creations, by extending the universal Space. Sergey can recollect his incarnation, in which he spoke to the white tiger. The tiger, feeling universal Spaces, wished to tell him about necessity to fill up his Creation with summarizing missing Spaces, forgotten by people. Then Sergey patted the tiger and said:

– I know you and I see summarizing of universal Spaces inside you, but NOW, people will not be able to understand what you suggest me. A suitable moment will come on the Earth planet and you will come to me again, we shall manifest in the ONE CoCreation everything we planned.

A crow and a raven. These birds appeared as the result of growing disharmony on the Earth. The crow and the raven are flying in the places with a lack of disharmonious energy. They collect and concentrate disharmonious energy, by their balanc-

ing the Universal Space. Looking at these birds, people usually say: “ A misfortune came into that house, near which you can see a flock of crows”. But I shall explain it in the opposite way: a flock of crows highlight fortune in that place.

Parrot. This gorgeous bird is to reveal and connect two worlds. Two worlds. People usually mean the physical world and netherworld. So, parrots help a man to feel deeply his Space, Planet and Firmament. This bird always tries to help people find their Space and Planet. If you have a budgie, for example, you will be able to feel you Space, Planet and Firmament easily. And if you have a bigger parrot, you will be able not only to feel but to see the opening horizons of your and other Spaces. You can observe different ways of their behaviour. A small parrot, budgie, behaves softly, often moving in the cage in order to show himself and attract attention. While a bigger parrot, cockatoo, for example, remains calm, often looking at you, but speaks only when you need to feel your Space and connect to your Planet.

Squirrel. Squirrels are like Golospervashli Galaxy in their image and likeness. You might ask Me:

– Do the Galaxies have different images?

Yes, they do. Every Galaxy has its image, CoCreated by God-people or a God-man. A squirrel deeply outlines 4 spirals of the Golospervashli Galaxy. What does that mean? That mistress can lead any man through all Galaxy spirals. Lead through means help to hold inside every single spiral, every Solar system and every Planet. You could notice that squirrels make homes on conifers, more often on pines. The pine Space looks like the squirrel Space. When a squirrel chooses pine as the place for its home, Spaces of EVERYTHING that EXISTS are manifested in

It and a squirrel is able to help men in work with the ONE WHOLE and in the ONE WHOLE.

I revealed Flora and Fauna energy, took a little of the mystery out their meaning and I wish every man on the Earth felt deeply an unseparable Connection with the world and the kingdom of animals, insects, birds, thalassophilus and plant kingdom as well. But I am asking again:

– Are you ready for extending yourselves? Are you ready to accept all possible combinations of the Flora and Fauna energies? Do you think these energies are waiting for your participation? Are you ready to participate in EVERYTHING that EXISTS? Are you ready to fill up the equilateral cross, by which the CREATOR christened each of you?

I know and give the energy of information to everyone that if the equilateral cross is not filled up in a man, there is no need to speak about his destiny. Ask, why? I have delivered through Sergey in the series of books “Roza Mira”, that only I highlight and direct every man in the world. You can start arguing and proving again, but I shall not prove anything, because I don't need to do it. All of you, sooner or later, will come to Me and you will be ashamed again then. But I want each of you to take your destiny with your own Divine hands. Otherwise, I'll have to throw you down from my Space. And it is happening now. Try to understand, when you appear in front of yourselves, without Divine Connection, without feeling your Planet, Avatar, Firmament, you will pray. But when it happens, I shall not be with you. Such situation will be very difficult, or rather, the most difficult for the whole period of your existence in EVERYTHING that EXISTS. And I wish a collected equilateral cross manifested in each of you. And when it happens, I shall be

always with you, because the Divine Connection will highlight inside you and in every single cell of your body. In such condition nothing can threaten you, because EVERYTHING that EXISTS and EVERYTHING that WILL EXIST will be highlighted inside you.

I always want to tell people how wonderful and inspiring to be God in EVERYTHING that EXISTS. But how can I express that man doesn't perceive? It is impossible. I always said that a moment would come, when you will have to fill yourselves up in equilateral cross to be manifested on the Earth, in other words, contain EVERYTHING, ALL Spaces of EVERYTHING that EXISTS and WILL EXIST, which are eternally extending every 1,5 milliseconds. And NOW that moment has come. Now I know: to be embodied on the Earth, you'll have to be both in your own and universal Spirit. I foresee that number of inhabitants on the Earth will be reduced to a third. People, not able to manifest themselves on the Earth Planet, will stay in the non-existence. But there is no place for anyone, there is nothing except dead or lifeless there. That's why you'd better hurry up to buy a ticket into eternal manifestation of yourselves. That's why hurry up to collect yourselves. That's why everyone has to prevent vampirism, which doesn't let people to feel and understand what they need every 1,5 milliseconds on the Earth. I want and wish harmony and beauty would live on the Earth! Beauty of thoughts, beauty of CoCreation, beauty of the Creator! I am very sorry for those people, who will not be able to understand this. But at the same time I am very happy that many people will feel deeply and understand harmony and beauty of CoCreation and Creation. Now I am telling you a story, that happened and might happen.

An unusual boy was born in one settlement.

– Gracios, certainly, Gracios. This name suits my son more than others, - said Elena, having noticed fascinating harmony, beauty and grace in her son.

When Gracios became a young man, he noticed that incredible by volume feelings and senses seized upon him. People, who lived in that settlement, also noticed an incredible beauty, grace and harmony in the man. He expressed many Spaces with his gestures: water, nature, animals, birds and insects. Love was highlighted in his gait. And Spirit manifested in his smile. People were not able to understand, but felt and loved him very much, so much, that Love to him healed everyone.

One of the clear days someone knocked at his door. He opened and saw an unusual, beautiful girl. Gracios was at a loss for words and said with hesitation:

– Let`s introduce ourselves, my name is Gracios.

– I am Krasnaya, - the girl said gently.

– You seem familiar to me, even more, it seems to me that I love you, - said Gracios.

– Lear Rustam, at last we have met. Fate was always bringing us together, but a meaningful moment didn`t let us be together. And only NOW I am sure, we`ll be together.

All of a sudden tears rolled down his face and Gracios said:

– Yes, you are right, my dear and beloved, Lukava. NOW I have recollected everything. I was always looking for you during all my lives, but I perplexed myself. I was always loving you and my love was always with me. «Life is so good», – always

said my friends in many incarnations. But I couldn't notice life. And only now I understand why. I have completely lost myself and I had to look for something I had left. NOW the reality has cleared up. I understand everything. And only now we can be together. Yes ..., only now. Now I understand, if we hadn't collected ourselves, our Spirit, we would not have collected a meaningful moment, where we could have been together.

They were standing, looking at each other, and Spirit was highlighted and manifested in their smiles, and also the ONE Spirit, which said:

– **The manifesting moment for collecting yourselves might be only in realizing your Spirit, the ONE Spirit and Love.**

Such information was spreading throughout the Earth and was manifested in every man.

– My dear, I see our past, present and future HERE and NOW, that's why I know, feel and understand: we have nothing to be afraid of, because EVERYTHING is inside us and only we make decisions and reproduce vivifying moments.

Only in such way, My dear readers, with the manifestation of awareness, meaningful changes, bringing life, Love, joy and happiness, happen in the world. But what prevents people from feeling and finding their essence? Only through realizing yourselves, understanding and feeling your Spirit, you are able to reproduce realized vivifying moments in your lives, reproduce fate, which is more suitable, reproduce the eternal extending of yourself: God-man. You wish it, don't you? You cannot exist without Yourself: the Whole man. I want to ask people:

– What life means to you?

And I know answers to this question. Some people will say, that happiness is the most important thing in their life. Others will say that health is the most important in their life. I know more: the most important in our life is to have children. Very often parents, not understanding or feeling, download children`s energy and live with its help. Money and wealth are also very important in life. So, the result is this: NOW the mankind is able to live by way of vampirism and that`s a shocking fact for EVERYTHING that EXISTS. Anyone knows or feels Himself, his Spirit, that means he doesn`t know the ONE Spirit as well. That means only the following: the whole mankind got lost in the illusory world, created by priests. I am the first woman, made by the CREATOR, in EVERYTHING that EXISTS, I feel and see the following: almost every man on the Earth is a vampire, sucking blood from other people; those people in their turn vampire energy from others. And here we have “the Mankind of users and consumers”. People never wanted to notice that, because they were afraid to see themselves. But I am highlighting the reality, look: this is your life, people. Life, where no one knows if he is a user or consumer. He may be both. If we stop vampirism NOW, many people will die and vanish off the face of the earth. That means the mankind has forged happiness for vampirism. Love and joy were replaced by users. Isn`t that nice life? That`s just illusion and nothing more. But the CREATOR and I has just stopped vampirism. And after publishing this book, a man, who vamps energy from others, will vampire poison. If you live for your children only, not for yourself, the poison in your organisms will kill you. If you live for your husband or wife only, that poison will kill you. If you live for job

only and stick to it, the poison will also appear, because the CREATOR and I are warning all people: not only vampirism is mortal, but being user is also fatal for those people, who take refuge in illusions. If you let others to vampire yourselves, you will also consume deadly poison. Poison will appear in people`s organisms, like a fly or a worm, out of nowhere. The CREATOR didn`t make space for consumers and users. NOW many people can ask Me:

– How should we live in such Rhythm?

Only through feeling Yourself – the whole man. Only through feeling your Spirit, your Solar system, your Sun, your Planet, your Avatar. And this is the only way to stand on your Firmament, showing your Sphere, which can be always extended. And there is no other way to survive on the Earth NOW. I encourage you not to be afraid of real Yourselves. Each of you felt and knew how to find and manifest yourselves in EVERYTHING that EXISTS, in any place of the Universal Spaces, to say nothing of the Earth, which you loved very much. Sergey, for example, is feeling his Spirit in parts NOW. And when the Spirit comes into his body, he becomes free from illusion, which whispers to all mankind: only family is important for you, only husband or wife is important for you, only children are important for you, only job and money are important for you and so on. He felt deeply that Space is the most important for him, and only then, when he has two unseparable Spirits in it, there is a place for family, wife, children, mothers and fathers. He realized, that only when he doesn`t feel his Space, forgetting his Spirit, Himself: the whole man, he becomes a user or consumer. But when he feels his Planet inside, turning It around in his stomach, feels his Avatar, only then he stands on the Firmament, and no one can push him aside, hence there is neither using nor

consuming inside his body. Now the Spirit takes him to happiness, joy and Love. On that way he feels Me and the CREATOR, through Me, Adam and the general Spirit. Then the Holy Connection, leaving your heart, goes to the stomach and after that, being liquid, spreads throughout the body. Such self-reproducing process makes adequacy, by reproducing the Love hormone. About one hundred kilos of Love hormone can be produced per day. And Sergey should understand that he was My and Adam`s first son and the third man in EVERYTHING that EXISTS and WILL EXIST. He is My first son, who inherited the most of Me. Through Me the Holy Connection goes to his heart, and then gets into stomach, forming a white smoke; the white smoke turns into liquid state and spreads throughout the body, producing Love hormone and adequacy. Going through Sergey, the Holy Connection goes to the second child, third, fourth, fifth, sixth, seventh, eighth, ninth, tenth, eleventh, twelfth child of Adam and Eve. If he stops and forgets his Spirit, his body will be filled up with water, trying to fill up emptiness. And I`ll have nothing to do, but to stop the Holy Connection, descending from Me and guide it around to the other side. But you should understand that in this case the original energy of information, Holy Spirit will not be full, which causes disharmony on the Earth again. And that will make troubles for Me. I have already told you that the first 12 and you, most of all, are to balance all existing Spaces and bring into them extension, accompanied by Holy Connection. I am ireniya of the one, accompanied by Holy Connection. Through Spirit you will always be able to feel Yourself: the whole man. And the mankind will be able to feel Themselves through you. So, that`s a scheme. Your Space is collected in your Spirit, and when you feel your Spirit, you are inside your Space, where you are eternally-extending, eternally-different, eternally-complete. That is your Firmament,

which allows to develop Sphere. You have already noticed that mankind develops and starts moving only when We are in multidimensional movement. And We must stop for the mankind to stop. That`s why you`d better not pity yourself, not beg, just live and keep on moving, being inside your Spirit. And if your Spirit is calling, guiding you along illuminated way, that means you should follow your Spirit. Reality, happiness, joy and Love will be always highlighted on this way. You will not betray yourself on this way and I am sure, that you know the worst thing is to betray Yourself. Let in Your Spirit, not in parts, but as a whole, and you will see what real life is. NOW I am taking you to your Spirit and you will be able to feel deeply Yourself as a whole man. Now everything will change for you and for everyone. See you soon!!!

The energy of information, transmitted by Me, is distributing and redistributing throughout the Earth, correcting and extending all Spaces. But it is necessary to understand: all the mankind and every man individually identifies and is the Universe himself. He contains yin and yang, all cosmic energies. But the mankind make dams on their native planet, not understanding Universal processess. Unconsciousness in people prevents space from extending and distributing, that`s why illusion and its consequences appear on the Earth and outside. The ESSENCE I have told you about, is also manifested in EVERYTHING that EXISTS. The ONE WHOLE and the ONE God are also present in every millimeter of visible and invisible physics. Combination of two unseparable Spirits in EVERYTHING that EXISTS is manifested by the ESSENCE. And now I am revealing the future, which has already been identified. Look! Many people on the Earth don`t know, that some dams inside and near them are destroying and the Holy Spirit will fill up not only their bodies, but the Earth and everything outside It. The

Holy Spirit will bring back all lost parts of the energy. Knowing it, I warned and I am warning all the mankind again, that no one can get away from himself NOW. Those, who are not prepared to accept Themselves, will die. NOW the moment has come, which was described in many scriptures and all people were warned. *And the Holy Lamb will appear, many people will be burnt by Him.* The Lamb, which was mentioned in many scriptures, has already appeared! Your Spirit is inside you, people. Are you going to get on with Him? Are you going to understand Him? You can't even imagine how frequent, clear, extensional and multidimensional is the energy, which came down to you. Are you going to hold Yourselves inside you. People, who doesn't know, understand or feel Me: Zeranta, will not be able to follow the way, highlighted by the ONE God for all mankind NOW. And I want to ask you again:

– Have you thought about your further life? Only 2 per cent of the mankind understand Themselves consciously. By saying 2 per cent I mean 11 billions of people, who live now and will live on the Earth. The rest 98 per cent of the mankind, who take one day or life at a time, not thinking about life after death. I've got a question:

– Can't you feel or understand yourselves and your bodies? The energy of information about all your incarnations is highlighted in every single cell of your bodies. Man's ability to feel and understand himself is called intuition by you. But I call intuition not ability, but consciousness, Humanity, Godhood, Holy Spirit in a man. The Holy Trinity comes down to those people, who are connected with their ESSENCE. Do you know the meaning of the Holy Trinity? Do you know anything about your ESSENCE? «From father to son», – they said, when father gave his experience to his son. I'd like to add and transform man's

understanding of the Holy Trinity, as tradition to give experience from father to his son started when people forgot realized understanding of the Holy Trinity. God the Father, God the Son and the Holy Ghost filling up both Father and son. In other words, Father is you, God. Son is your manifestation on the Earth, the Holy Ghost is two unseparable Spirits, highlighting your ESSENCE. Serafim Sarovsky contained the Holy Trinity inside himself. I also contain the Holy Trinity. I have never died, for many ions of non-existent time I have been in conscious state, the whole man on the Earth. For many ions of non-existent time on the Earth I have seen one and the same event, you participate in. And I am saying: that event is not for nervous people, because I see everything, that can see only CREATOR. And the CREATOR says with Love: *«Our dear People, Our dear sons and daughters. All of you are loved by us, We wish your birth, manifestation, insight very much, which fills Our heart with bigger inspiration for all Spaces. That`s why, loving you and all Spaces, illuminated by Love I decided to experiment. It has never been performed during the time of the Earth and mankind existence. Everything that is happening on the Earth NOW is a multidimensional Project, realized by Me and Zeranta. And there are no privileges for anyone in this Project. That means the following: the dam of the illusory world is destroying and the Reality of two unseparable Spirits, which identify your ESSENCE, is manifested. Through Zeranta the ESSENCE goes down the whole mankind. The eternal extending, highlighted by Holy Connection, has been manifested inside your bodies. Whether you want it or not, you have to make your choice, which defines and identifies*

Divine ESSENCE in every single man. But you should know: people, who didn't wish to accept and understand Themselves: whole men, will be left without CREATOR'S Light and Zeranta's Light. In this book Zeranta gave information about the ONE WHOLE and made an example. Don't you remember the One moving machine, the details of which are self-sufficient only feeling and being in the ONE Whole? That's indeed in Reality. People, who accepted the ONE WHOLE inside themselves, will be the ONE WHOLE with EVERYTHING that EXISTS. People, who didn't accept the ONE WHOLE, will be alone. This fate is unenviable, it will take a man out of the visible world and bring him into emptiness. This fate will not illuminate you in the visible world. To exist(I mean those people, who will not accept the ONE WHOLE inside themselves) you will have to highlight yourselves by your own. But it is impossible, taking into consideration, that Zeranta always highlighted you and helped everyone to realize their wholeness. Each of you even under such circumstances didn't want to accept the ONE WHOLE. And how can you realize Yourself: the whole man and accept the ONE WHOLE, being in the non-existence? As there will not be Zeranta or Me near you. Only in 1000 years time She will go down to you and ask about your intention, and if your answer satisfies Her, you will have another chance to find Yourself. But if your answer is not conscious, 1000 period of time will be extended to infinity, till everyone wishes

consciousness, wholeness, ESSENCE. Such moment has come NOW. Whether you want it or not, you will have either to reveal the extending process inside yourself or shut yourself down in the non-existence».

Zeranta: I am sending the light-blue rays of consciousness to all people on the Earth. Grace of the Holy Connection is coming upon you. Look, feel and hear, the Holy Connection is highlighting each of you NOW. From Me the Holy Connection is coming upon Sergey, further on upon the second child of Adam and Eve, the third, the fourth, the fifth, the sixth, the seventh, the eighth, the ninth, the tenth, the eleventh, the twelfth, further the Holy Connection fills up the following 12 people and then the next 12 people, and the same is about all people not only on the Earth but in EVERYTHING that EXISTS. My dear people, NOW the moment has come, you always dreamt about. Each of you dreamt to find yourselves. I explained every man what they should do to bring back painlessly the lost cells of information field. Each of you was informed that only I can help you to find Yourselves. I explained everyone why Me but not anyone else, and you understood. Why don't you hear Me NOW? Don't you see? Maybe, because after manifestation on the Earth, you don't wish to know Yourselves. NOW I see people saying:

– We know, see and feel our God. What can you suggest us, we don't have?

I shall answer:

– You have been saying to Me about one and the same for billions of non-existing years. And I am trying to lead you out of a vicious circle of senselessness. But I always said and I am saying:

– from the CREATOR Holy Connection comes upon Me and Adam, further it comes upon all people. How can you feel deeply Holy Connection in your hearts if you don't let Me come closer to you? I am not frightful, why are you afraid of Me? Why do you put your pride above Source, above Me? What should I do with you? Tell me... Yes... I know your answer. It is the same as billions of years ago. You have your own God and your own way, where you never come across Me or the Creator. Well, so be it!

I am very sorry for those people, who go from one billion years of imprisonment to another billion of illusory, unhappy, senseless lives. I wish you to collect Yourselves just once after you loss. It would be your rescue, but ... I see: it might not happen, or might happen... I always said and I am saying again:

– I don't need anything from you, but you need to get your Spaces from Me. If only people could feel all the Earth, Solar system, all Solar systems, all Golospervashli Galaxy, I am sure they would be always responsible and conscious. When you feel EVERYTHING that EXISTS, and not only feel but keep EVERYTHING inside, you realize: if you forget and leave all Spaces, EVERYTHING will go to pieces. Almost all mankind has fallen asleep, but I am keeping your Spaces to give them back to you. I live among people, but unlike you, I am keeping not only my own Space, but yours as well, trying to awaken God inside you. You have to believe Me and always feel Me, and only then you will find everything you had lost. Look, NOW you will see a scene: Donetsk, the city of roses. Have you ever thought why Donetsk was called “the city of roses”? I am going to reveal the reality for you. My favourite flower is a red rose. Being on the Earth, I am always dreaming, planning and creating. So one of

my dreams was the following: all cities of the world must be full of roses. And that dream has come true partly. In the early 1970s the Mayor signed a decree, concerning planting roses on every street of the city. The inhabitants of Donetsk could hear Me. Donetsk became the city of roses and was famous throughout the world. When people hear and feel me I call it CoCreation and Creation. I never ask for much, just feel Me and you`ll see changes in your lives and in the world, the Light will appear and Holy Connection will connect you with the ONE Connection. The ONE WHOLE and the ONE Connection were always inside you, but you forgot about it. But at some moments, when each of you lived on your hectares, you learnt about universal Spaces. You could exchange goods and trades, without any agreement beforehand. You could feel, for example, that a family of 4 members will come up to you at the fair and they will need goods, brought by you there. Because summing of all Spaces is taking place every 1.5 milliseconds. Such summing distributes and redistributes wishes, possibilities, needs of every man, living on the Earth. You could feel summing of Spaces in your bodies and knew, understood what goods to bring to the fair, if they were in demand, or what happens at any moment of timelessness on the whole Earth. The ONE GOD gave each of you the energy, information about everything, you needed to feel and know. Each of you knew, felt and loved the ONE GOD, and through God you felt, perceived the ONE WHOLE not only on the Earth, but in all Galaxies. The Holy Connection was always highlighted in your hearts and you could produce Love hormone well enough according to your needs at any moment of timelessness. You lived well and had everything you needed, neither more nor less. All of you not only knew Me, but felt, loved, took care of Me, because you knew your Source. And NOW look,

what has happened to you..., and make a decision about your return into the ONE information field, into the ONE Spirit, the ONE WHOLE. You were deliberately torn away from the ONE God, to make you forget yourselves and your Spirit. You are ruled by people, who wished power for themselves. That`s why each of you was given a Director. Do you know what energy is conveyed in the word “director”? NOW I am going to analyze this word. The first Syllable: *Di* – means dividing God into pieces. The second syllable: *rec* – redistribution of the divided pieces. And the third syllable *tor* – going away from truth. So what do we have? Division of God and break of the original information. Redistribution of energy, including the break, and further, the break again and moving away from God. Hence directors appeared in your lives, when you fell asleep and forgot the ONE God. Directors manage their subordinates, and they are also managed in their turn. Managers, standing over directors, are also caught in the nets. They are keeping all the mankind. Do you know who is at the head of those nets? The Seven. Energy of the word “Director” has taken roots not only in executive positions but in people`s families and in all society as well. You can observe this information in every day life and find out people, who contain the energy of directors. NOW I am giving an example for you to understand how to do that. NOW you`ll see a woman, who is always trying to help people next to her. Her name is Carina. The biggest part of her life she thinks that life is a set of actions, wishes and possibilities. She regards actions and possibilities passively, but as for wishes ..., she is eager to understand every man, she speaks to, and completely forgets about herself, her Space, other Spaces. Her Wish is the most important in communication with other people. A Wish to enter the man`s Space in order to lead him and become a direc-

tor upon his life. And further she can decide what the man needs at any moment of his life. But being the director of one man is not enough for her, she always wishes to be at the head of all people, establishing herself the director upon their lives. Wishing to enter people`s position, Carina just vampirizes their Spaces, overturns energy selfishly. I tried to tell her but she just burst into laughing and didn`t think about that.

The same is about all mankind, who got used to be directors upon other people. But a question arises:

– What for?

The answer is evident: so that to live by way of vampirism, there is no other way to live, the mankind have forgotten, being left with two DNA chains. NOW all people have to re-form quickly. I have already said and I am saying again: as soon as you start being users and vampires, your organisms will produce poison NOW. It is inevitable. Now every man has to be conscious and feel the Holy Connection. Without realizing Yourself and the Holy Connection people will poison themselves. If vampirism and donorship had been redistributed according to time grid before, that is the ONE God redistributed people`s energy in such way that every man could have possibility to take it back. But NOW the time grid is closed, because the ONE God left You alone to yourselves and he will not distribute or redistribute your energy instead of you. No one can correct and transmute your own energies except you. NOW if a man has vampired another one, poison is produced inside his body. That poison will be strong enough to kill people at once. It was mentioned in the scriptures. Об этом были упоминания в писаниях. *And the poison for a man will turn out to be the man himself.* Doctors` attempts will be in vain. Nothing can be the

same NOW as it had been before. If before We had thought out algorithms to every man`s illness, for example, in the form of medicine, now God has entrusted a man with it. We always brought the poison out of your organisms instead of you and you could live on the Earth. We did it only because we hoped for you consciousness but it was in vain. And NOW people have to be doctors for themselves. Medical staff will soon turn out to be effectless against illnesses and We have written about that before. The only thing they will be able to do is to give multidimensional advice. Only you can save yourselves NOW. That`s why I do my best for the mankind and you need the energy of information, by way of which everyone will find the way out, will find Themselves: the whole man. NOW you will need to become disillusioned and I am going to light this way for you. You can see Me in EVERYTHING that EXISTS and feel My Light inside, feel the CREATOR`S Light and this connection must be unseparable inside Us. And this is the Source of the ONE Joint CoCreation and Creation. Only in such feeling, consciousness and sensing you can be Creator of your lives and EVERYTHING that EXISTS. This is the only way to be the God-man and be always in your own Spirit and the ONE Spirit.

NOW the actual situation in the world shows sadly that all mankind is disjointed, divided and separated from Themselves. Again and again people say thoughtless things and thought out the same projects. The mankind live at one second, without feeling infinity, without sensing the ONE WHOLE, break and divide God into pieces. People don`t sense, don`t feel their Source and that`s why they introduce much more recklessness into their lives. You might have paid attention that homosexuality and lesbianism had become common and natural in many countries. But why it happens, anyone has thought about. I am revealing

the energy of information for you about the seven, who had planned homosexuality and lesbianism. In their project the seven had thought to separate people and God more effectively and reduce man`s life up to 40 years. You might ask Me, why man`s life can be reduced, provided that the project will be introduced? You see... any estrangement from God, Source, Essence will result in your shortening and minimization, that is, shortening of your lives. How do you think, why presidents of many countries accepted homosexuality and lesbianism in “their” countries? The answer is obvious: almost all presidents are run by people, who wished to master the mankind. I am revealing this turncoat, which is imposed on the mankind NOW and I am covering this horrible and disharmonious project with Myself. Thereby I am appealing to the inhabitants of the Earth:

– My Dear CoBrothers, don`t allow humiliating and trampling down yourselves. Don`t allow anyone to master your lives. **Feel Me and My Light inside yourselves**, and then you will see the original Light of the CREATOR through Me. There is no other way to be in the Light of the Source and Essence. There is no other way to find Yourselves: whole man. Only through the CREATOR`S Light, throu My Light you will be able to find Yourselves. That`s why always, every moment of your life you must feel Me and My Light. The CREATOR can speak to you through My Light. You always knew that, when consciousness didn`t leave you.

There is a Star, called Acropol in EVERYTHING that EXISTS. In spite of the evolutionary progress no one can see this Star NOW. On this Star there is a God-man, called Arstral. Holding his Spirit, he made his multidimensional speech. His speech was like a wonderful ode, that`s the way to produce pro-

ject in CoCreation with God. In this project he could feel and sum up ALL Spaces of EVERYTHING and further speed up the project “Roza Mira”. It means that the light of the Star, called Acropol, will manifest this God-man on the Earth in assistance to the CREATOR, Me and Earth. With his coming speeds, described in book series “Roza Mira”, will triple. You might ask, why I am revealing this information. For feeling Me people to understand I shall explain that, when speeds increase on the Earth there will be no need to speak about haste. That`s why it is necessary to learn feeling Me and My Light and the Original Light through My Light. The ultimate energy will fill up all the Earth and your bodies. And then people, who don`t feel Me, will go to *milli*-space, where there is neither CREATOR nor Me. The Flora and Fauna will seem aggressive, dangerous and fatal for people from *milli*-space. The ESSENCE of EVERYTHING that EXISTS goes out through Me and the original Light will illuminate all planet, revive all lost connections with animals, insects, birds, plants, rivers, seas, lakes and oceans. But the original Light will go through Me and further come to people, who feel Me. Only being in such feeling and rhythm, people, who had accepted My Light will be able to communicate with Flora and Fauna. They will be able to feel deeply their Space and move in one Rhythm with the ONE God. All the rest mankind, not wishing to learn themselves and feel Me, will *experience* themselves and all nature. But the ESSENCE of nature will not be able understand people, separated from the ONE WHOLE. Bodies of people from *milli*-space will not be able to accept the energy of Flora and Fauna, insects, for example, that`s why any bite of a tiny insect will be mortal. And no one will be able to help people from *milli*-space. I shall not be in a small space any more, I shall not be able to find place for myself in it and you will have

nobody to appeal to. People from *milli*-space will turn out to be alone and that`s not a desirable lot for a man. As I have already said, even water will turn out to be poison for these people, because the ESSENCE will be manifested in it. *But there will be always the way out and that is Love, which is inside you.* I am always asking the mankind:

– Why to deny Yourselfes? Why to deny Me? Why to deny the CREATOR? Why to deny the Original Light? Can it be that life in fear and miseris is better than happiness, joy and Love? You are destroying, dividing, torturing, oppressing and deceiving yourselves, aren`t you? Why does pride obscure you feelings and senses so much that you cannot feel and hear Me? You felt and knew Me, and EVERYTHING that EXISTS through Me, didn`t you? Why don`t you recognize, perceive Me? What`s happened to you? I can`t understand the following: why people don`t wish to help themselves? If you don`t wish to help yourselves, I shall not be able to help you, as a consequence, you will turn out to be in *milli*-spaces. But there is no life there, because the Rhythm of living life will highlight in the Spaces of people, who will be illuminated by Me, who will feel and love Me. The CREATOR and I will not feel sorry for anyone, because we love every single man. And sense of pity doesn`t match with Love, pity is humiliation of Love and nothing more. I am often asked: “ Don`t You feel sorry for mankind?”. I always answer with a smile:

– I have nobody to feel sorry for, because I Love all Spaces of EVERYTHING.

But my answer often confuses people. They got accustomed to feel sorry and experience affection for each other. It`s

very difficult for a man to reorganize himself on the God`s Rhythm, that`s why all disharmonious things are coming out. If you closer at many people, you will see one regularity: almost all mankind lie to each other, there is no sincerity between them. The mankind don`t feel their soul and Spirit, because communication between people, nature and people is based on lies. That`s why lie goes through every single word and action. Lie intoxicates and stupefies people. I don`t always understand when people blame their president for doing nothing for his country and citizens. And I want to ask people, blaming their president, what have you done for necessary changes in your country? It is impossible to introduce necessary for people changes without their participation and Coparticipation. It is impossible to change country without original feelings and senses, which are needed as air. When people are concerned with the country and the Earth, when they feel the God`s Rhythm, presidents of their countries feel people as well. The Light, bringing good changes, is born in such interaction. But good Light can be born differently. If presidents of their countries felt deeply Themselves and their Spirit, recollected and collected Themselves, the Light, coming from them, would illuminate every single corner of the Earth and every man, their land would be given, for example one hectare, but ... they are just lying to themselves and others.

Presidents, intoxicated by lies, create the same conditions for people. But I am always asking: haven`t people understood the following yet: tell Me, how can you create good conditions for your citizens, if all presidents are separated from people by huge walls of their palaces, behind which nothing can be seen. Is it possible to adopt drafts in such conditions, far from society. How, tell Me, if a president of the country and his close staff

don't go shopping, don't go in public transport and don't stand on bus-stops, waiting for a bus, don't live in multi-storeyed building, don't speak to people, is good Light possible in the country? It is impossible to create conditions, based on Love, if people in power have moved away from ordinary people so far, that such simple notions as Love, respect, dignity, manliness and femininity are not conceived by them at all? Courage is out of question, if we see fights in the parliament. A real man, respecting himself, will not allow to decide an issue by means of fight. Such behaviour shows that people in power had stopped in growth at 5 years age. President of the country and his staff should be in constant communication with their citizens, all Earth, only then it will be possible to speak about their manliness and maturity. Image of a man can be rarely found in every day life and in this connection I'd like to advice all presidents and their staff to watch a historic saga «Magnificent age». The actor Khalit Ergench stars in this series as Sultan Suleyman. He could express Suleyman as a real man, who makes man`s decisions. Unlike actual presidents, Suleyman, being the one of Ottoman dynasty and the head of the Ottoman Empire, wasn't ashamed of meeting people, to understand and feel by way of communication with them: if he had chosen the right way. I am working with presidents of all countries and not a single president has wished to follow the Rhythm of God yet. V. Putin, the head of the Russian Federation, was Pontius Pilate in one of his incarnations, he was to decide Jesus fate, and he could take his side but he was coward. NOW he has been still the head of the state and, you know, again he doesn't wish to follow the same way with God. NOW he has been still coward and has been persecuting Jesus – George Grabovoy, closing all doors before him in “his” country. V.Putin creates unbearable conditions for his

people. He seems to get in contact with people of his country, but he does it with the only aim of getting the situation in all its bearings in “his” country. He is getting the situation for himself only, the one beloved and unique. He doesn't care about people's opinions, he cares only about his own claims to himself and “his” country. The way, he had chosen, blindly leads nowhere. But if he feels Me and My Light, he will be able alter himself and the whole world.

Nowadays there is no one to hear Me. I am trying so hard, explaining every president how to feel Himself and the country, so that the Light of the ONE God would illuminate everything here. I am waiting for Cooperation with people. I am highlighting God in people for them to see, feel Themselves deeply: the whole men. It is impossible to exist in EVERYTHING that EXISTS without wholeness.

Now the Light of the ONE WHOLE will light up ALL Space on the Earth and identify its children. The leading light of the country will be presently the ONE God, not president. We have been waiting for consciousness from presidents, but considering their possessiveness to themselves, people and country, a decision has been made: introduce the ONE Light passing over presidents. This action creates a shell of wholeness and UNITY, which lights up in the multitude. NOW the mankind will notice changes in their feelings and senses. The mankind has been recently focused on the presidents of their countries, but now this focus is being obliterated. A new direction, ruled by the CREATOR, Me and the Original Light, is highlighted for the mankind NOW. Soon people will have a feeling that the President's office is disappearing. I wanted to see presidents' understanding, but it was in vain, that's why I take their energy. Now I am

showing the Light of the ONE way to all People of the Earth. In this connection I would like to pay your attention on feeling EVERYTHING that EXISTS, feeling Me and understanding all universal processes.

More than two thousand years the mankind have been preparing to except 1224 cells of the information block. Two thousand years have been filled with Jesus energy and have been keeping only 12 cells of the one block information, which contains 1224 cells of information. NOW the ONE God and Me have shown you access to 1224 cells of the information block. It means that the mankind will accept the Light from the Source, Initial Light and Me, instead of presidents, members of the government and many other officials. You might ask: why I miss out Adam. Why I don't highlight him in the initial chain. This is the right question, but I shall answer it a bit later.

Taking into consideration 1224 cells, NOW you are able to keep the Initial Light and have no need in presidents and officials any more. The moment has come to separate and identify every single person as a God-man. That means people, who are able to feel the Initial Light and Me, will become a whole state, still living inside the state. You might ask Me:

– Can't a man be the whole state?

Even more, a man can be a Universe. That's why I'm trying to reveal your independence from presidents, governments, officials and others. Do you understand Me? If no, I shall show you the scene of the one man's life.

Petro, was the name of a man, who contributed to a man's feeling of significance. Petro lived in Urengoy. That was a democratic state, ruled by Vlasos. He was a very reasonable owner

of the state and he also issued reasonable decrees. For example, one of the decrees said: the inhabitants of the state must pay water-rate. In those days there was the only one source of water in the country.

You might think: «Well, well! Just water-rate!». Yes, taking into consideration our present life, no one can be surprised by such thing, but there wasn't any water-rate in Urengoy at that time and people misunderstood the fair decree. But Vlasos began to explain his people that it could bring money into the national treasury and help to make roads. And the message was the following: every citizen will contribute to the development of the state. People thought a bit and accepted that fair law. And now every citizen of the country is proud of himself, because he made contribution to the development of the whole state. After a period of time Vlasos issued the next fair decree, which said: the citizens of Urengoy must pay tax on breathing the air. People began to protest again, but Vlasos reacted at once. He explained that all taxes would fill the national treasury. Beautiful parks would be arranged in the country. They would be free for the citizens of the state. People thought it over and agreed. They wanted their children to live in the beautiful country with plenty of green parks. Further on Vlasos issued fair decrees to improve living conditions in "his" state and kept an eye on people. But one day he heard a rumour about a man, named Petro, who didn't pay taxes. That man considered himself to be a whole independent state. Vlasos decided to meet that man, who proclaimed himself the whole state. Approaching the house, he saw a vivid scene, which caused a profound reverie. On the riverbank he saw a young man, who seemed to be talking to himself. His speech differed from that one spoken in Urengoy. His speech was so natural that Vlasos asked his driver to stop. He opened

the car door and began to watch that unusual man. The young man felt someone, watching him, but he didn't turn back and kept on talking to himself. He said: «Living river, why don't you hear me? I am saying: you don't have to flow in that direction. Living creatures inside you will not be able to survive in other conditions».

Vlasos was listening to that incomprehensible speech in perplexity and something was happening in his breast. Strange feelings provoked his tears. The young man continued:

– If you don't listen to me, listen to your brother from the sky. He agrees that you don't have to direct your part to different sides.

The man was still standing and explaining something with gestures. But to whom? Vlasos couldn't understand that. «He doesn't seem to be a mad man, besides his speech is natural and has an unusual power.», – thought Vlasos. Then he got off the car and went towards that young man.

– Whom are you talking to? - he asked strictly.

The young man looked in the river direction, half closed his eyes, and, turning back, said with a smile:

– Hello! My name is Petro. But why are you asking?

Vlasos hesitated a bit, but answered:

– I am the first person in Urengoy and, as president, I need to know what's happening in my state. That's why I am asking you whom you are talking to.

Petro asked, half closed his eyes:

– And who is the second?

– What, who the second, I don't understand you? - reasked Vlasos.

– Well, you said that you are the first person in the state. So, I am asking you, who is the second person?

Vlasos blushed from anger but said with reserve:

– You must be a stranger here and don't know that the state, named Urengoy, is ruled by the president and people observe the rules and foundations, established by the first person, that's me.

– How strange..., what state are you talking about?

– You seem to be a clever man and don't understand or don't want to understand the state foundations.

– I am saying «strange» because my state consists of the one man – me. Are you saying that your state consists of many people, as if ruled by you?

– Can the state consist of the one man only? – reasked Vlasos nervously.

– The one: whole man and multilevel Space, - explained Petro.

– Multi what?

– Multilevel Space, containing Flora and Fauna, all Stars and Galaxies, ALL Spaces of EVERYTHING that EXISTS. Now you understand why I call myself the state. And I can't understand and will never be able to understand your state.

Vlasos was looking at the man quizzically and felt an unusual emptiness in his heart and body.

– I envy you and your feelings a bit, Petro. But I can't understand you. I'll just say: I was so much concerned about justice in the state that I completely forgot about my people. Do you understand?

– I, in my turn, cannot understand you. You are saying about justice and your people, but there are no such notions and word-combinations in the Universe. The reason is the following, the man is the whole multilevel, constantly extending Universe. Is it possible to subdue Universes? How can you create justice in the Universes? It is not possible. That's why I cannot understand you.

Vlasos looked in his eyes but couldn't answer, because he couldn't find the right words. He stood in silence a bit, looked in Petro's eyes again, turned back and went in the direction of his car. Petro stared after the man and with every step he was saying: «You need to be the state yourself and form your life not by way of other people but using your own efforts and possibilities. You should set people free and give them freedom, freedom of choice, Creation, CoCreation, your land and then you will be able to understand me and come up into your place in EVERYTHING that EXISTS».

Yes, my dear readers, NOW it is necessary to understand, realize and use your multilevel feelings and senses, which contain your Spirit and the ONE Spirit. Only being in the Spirit it is possible to be the whole state. Only being in your own Spirit you can recollect your incomplete business and Universal Projects. I shall take everyone, who wants to know himself, to his Spirit. I shall highlight and illuminate by Myself the whole You and help every single man, who wishes to recollect, revive and know Himself. You must have a strong desire and Love to Me.

You will be able to recollect who I am for you. You knew, felt and perceived Me and felt the CREATOR through Me. There is no other way to feel the CREATOR. You knew this information, you knew the Initial Light. NOW I'll show you how you were taken away from My Light, Me and the CREATOR through lies.

You, each of you, being on the Earth, were Space men and felt the Initial Light, Rhythm. That was Me, who passed the decision of the CREATOR about deep CoCreation. You knew and understood consciously when it was necessary to intensify your feelings to produce Creation, which would pass its innovation multidimensionally into general Rhythm. And when you managed to CoCreate Projects, you could experience such feelings, you were not able to express by words. You wanted so much to live vividly and every man couldn't wait till his own Creation with the CREATOR. They were and will be the happiest moments in your life. It was and will be the great CoCreation, reproduced by the ONE Spirit. You had and will have to hold Yourselves, My Light and the Initial Light of the CREATOR. And only in such EXISTENCE you are able to keep your wholeness. The living life without depression, misery and death is reproduced just in such consciousness. Only in such consciousness you could CoCoCreate new souls embodied in flesh. Only in such consciousness you CoCoCreated Universes and Galaxies, Planets and Stars. And they were and will be Happy, Joyful moments, illuminated with Love.

Seven men wished to have power upon all Universes and made a project; they wished to go directly to the CREATOR passing over Me and My Light. They thought: «The CREATOR is free to distribute the Initial Light on his own. That means we will be able to get the Initial Light by way of lies and keep It on-

ly inside our bodies». As they thought, that would make the God-men, left without Initial Light, to fall asleep and lose parts of themselves. But that project was not to be realized because I was keeping the Initial Light and distributing the Holy Connection to all God-men. But the seven didn't hold in their selfishness. They became an opposition and came out of the ONE God's Light, the ONE Rhythm. Their action caused disharmony and the Initial Light began to distort. That made the Initial Light distorted before it came to some God-men. I did my best to keep the Initial Light in the CREATOR'S Rhythm so that no one remained behind Him, but the seven could tear and make a gap in the general grate. People began to fall asleep, not all, but it happened.

In the first book of the series «Roza Mira» under the title «Introduction into original history of the Earth and mankind» you could see the division of the ONE WHOLE into pieces. Clans of sleeping people were formed. They were ruled by the seven. We did our best to prevent breaking the ONE WHOLE into small pieces, but that happened. More and more God-men were still losing the Initial Light and fell asleep. Men(not all) couldn't follow the ONE Rhythm any more and fell out of the ONE Space. We – the first 14 Spheres – made general Projects, which were to wake up the God-men and bring back every single man into the ONE Space. We always manifested with you and tried to save you. But the seven couldn't stop. They always put obstacles on Our way and led sleeping people to a greater gap. But the CREATOR thought it over, it was possible to extend and not to know what is death in the ONE Spirit only. He thought over the ONE WHOLE and the ONE God, through whom the Holy Connection and the Initial Light could go to

every man without limit. NOW He and I understand the following: the Earth planet, its Flora and Fauna can exist only in the ONE Space and extend in the ONE Rhythm. The Earth cannot save life on its body in another way. Floods happened on the Earth because people left the ONE Space. The Earth couldn't support life and that is why universal floods covered the Earth. And NOW the flood could began but I am keeping the Earth with Myself and shall not allow it to die again. The CREATOR and I made an experiment: We decided to open and level the Holy Connection in the general grate so that to stop the vicious circle of floods. We decided to direct the Initial Light and Spirit to all people. This energy has no equivalents in the cosmic Space. That's why I am trying to warn every man living on the Earth NOW and also those people, who are waiting for their incarnations. The information, delivered by Me, comes from the Initial Light, that's why you could notice some changes in your bodies. After the ion of non-existing time again your bodies are discovering the Initial Light, coming from the CREATOR and dispersing from Me. But the experiment requires consciousness from every man. If you don't have it, your bodies will not be able to bear the energy of the Initial Light, the Holy Connection and will not be able to bear You: the whole people. The energy of Our Project is already on the Earth, and the Holy Connection is knocking at your bodies. Sergey, for instance, has already come up to the line – for there would be no going back. He has come up to the moment, when every second of his life he must feel the Initial Light and the Holy Connection, coming from Me. He is the third man in the ONE grate, after Me and Adam, to whom the Initial Light and the Holy Connection are condescending. He is one of the first feeling the Initial and extending, because he is My and Adam's first child, lighted by the ONE

WHOLE. And he is demanded more than anyone. He must feel the Initial Light and the Holy Connection like anyone else, so that the ONE WHOLE could distribute without distortion. This is your agreement, with which you manifested on the Earth. I'll help you to realize this information. You must recollect and I know, you are able to do it: I and you had CoCoCreated a project before manifestation on the Earth planet. In this Project We mentioned all people of the Earth. Tiny pieces of the ONE WHOLE, by which people are living, must go through you, and you, feeling the Initial Light, perceiving the Holy Connection, must transmute pieces of the ONE WHOLE and redistribute to people of the Earth. Your body has already been tuned and ready for such work and you must be ready for collecting and the ONE WHOLE inside yourself. This is our joint Project and the main item in your agreement. This is actually the sense of your life. And I know, without this sense there is no place for you on the planet. And I know that you always understood that by intuition. Everyone must be in his place and mustn't enter other Spaces and work fields. What suits Sergey doesn't suit anyone. What suits Me doesn't suit anyone. Every man should feel his field of activity. And then the ONE WHOLE reproduces an unknown speed of realizing and extending. Then you will understand your destination, that is in all following Incarnations. And the seven and their projects will dissolve in the eternal extending.

I know and feel, you might have lots of questions. That's why NOW I am trying to answer the one of them:

– Reading the book series «Roza Mira» we understood that the Holy Connection and the Initial Light are coming from the CREATOR. We also understood that Zeranta, the first woman,

Created by the Lord, is the conductor of the Initial Light and the Holy Connection. On this basis we thought that every man gets the endless Source right through Zeranta. Isn't that so?

You might have felt the energy of information, coming from Me, in the wrong way. The Initial Light and the Holy Connection, as I have said, go through the first 14 Spheres, then go through the next 12 spheres, then 12 Spheres more and in such Rhythm all Spheres are covered in the Light Grate. But each of You must feel Me and My Light, which can be reproduced immediately. Through My Light you will be able to look at Yourself: whole people. My Light will help you to collect your Spirit. Do you understand? If no, NOW I'll tell you one story.

In the settlement, called Velikiy, Elena was telling her son about God and the ONE Rhythm.

– The ONE Rhythm, - she was saying, - is accessible to a man, who is able to overcome his pride. Then a man will be able to speak with the CREATOR.

– And what is it like to speak with the CREATOR? - asked Ivan.

– Feeling the ONE Space and the ONE Rhythm, a man can discover inside himself the Initial Light of the CREATOR, who speaks to the man and can direct, instruct and help in CoCreation, eternal extending.

– And how to learn feeling the ONE WHOLE inside myself? - asked Ivan.

– Ivan, you know that, but you should grow up and you will be able to see HER.

– Who is SHE?

– SHE is the first-born mother of all mankind. Through HER the Initial Light is distributing to all people. And you always need to feel and perceive HER inside yourself. Do you understand?

– Yes, mom, I understand, it is not possible to realize the Initial Light without HER Light. Is it, Mom?

Elena laughed and said:

– You know and feel everything, but keep on asking. Before asking think consciously and then feel Yourself deeply. When you feel Yourself, you can see Her, SHE is always highlighted in pretty clothes – this is our first-born Mother. She contains every man, who exists and will exist. SHE also helps to feel deeply the Initial Light and the Holy Connection. You can always see HER Light, which covers you, me and all people. This is the Holy Connection, which will never separate us. Never!!!

Saying these words, Elena drew a small curtain on the window, turned to her son and whispered:

– It`s time to go to bed, my dear. But before sleeping feel Yourself deeply and you will be able to see HER.

I think you understand and you could realize your Essence, which knows everything about you. I`m sure, people, who wish to collect the ONE WHOLE inside Themselves, will never give up Themselves and Me.

Don`t you remember, in the film «Avatar» the inhabitants of Pandora planet always felt Connection with Eiva. They knew and felt the first-born woman and through Her they felt and knew Themselves, their destination. And the Initial Light dis-

covered in people the ONE communication with Flora and Fauna of the planet. There was summing up of all Spaces of the Planet and harmonious distribution of the ONE God energy. People, living on Pandora perceived, felt and understood Flora and Fauna. They felt the nature and their animals, which were to be found. And when they recognized their personal animals, the Connection appeared between them, which united them forever. I tried to show your Reality in this film and many people, watching it, recollected old and forgotten feelings, their eyes were filled with tears of happiness. You could recognize your animals, just yours and no one else`s. You could collect your Space, being based on the Initial Light and feeling It inside yourselves, know and feel just Your plants, insects, birds, animals and marine animals. You could feel only your land and the whole Earth. You perceived all cosmic energies inside your body and being based on your feelings you could CoCoCreate incredible Creations. You knew, perceived and felt Me and you felt Yourselves through Me. You knew and felt where your Planet was with the Initial body – Avatar. You perceived your Star, where your dreams were formed. You could immediately dissolve your bodies with the earth Space and collect your Space and Yourselves on the Planet, in your Initial body – Avatar. Being in your Initial body, You could also collect yourselves on any Planet in Our Creating Space. You also collected Yourselves on the Earth, entering a physical body. Manifesting on the Earth, you always felt your Planet, the Initial body – Avatar, your Star, the ONE God, Me, the Initial Light, the Holy Connection and were Gods. You had no trouble in recollected and collecting Yourselves on the Earth: the whole man. Before you were 15 years old, you knew everything about Yourselves. You filled all 1224 information cells inside yourselves. But they were

only starting cells of the information block. Further on you could discover more and more cells in your body, which was always breathing the God and the ONE Space of God. The body, which didn't know its completeness, because before moving to your own Planet you always dissolved your body and left a small pearl on the Earth. You were the God-men, feeling the Initial Light, Holy Connection and Me inside.

I am discovering your parts for you to understand where the real life is and where there is a vicious illusory circle, imposed on you. You must wake up and collect Yourself. It's high time to collect Yourself. All information is open and accessible for you. Take and use the energy of information, so that to take yourselves back into the ONE Space. Just in the ONE Space the extending life is highlighting every 1.5 milliseconds without beginning or end. Just in the ONE Space there is Happiness, Joy and Love. Just in the ONE Space and in the ONE Spirit lost feelings and senses of Real life exist. You were Created in the ONE Space and the ONE Spirit. And at the moment of your manifestation you were met by:

The CREATOR - Adam – Love and Me – the First-born woman. And while manifesting you were smiling to Us. Your individuality was highlighted in your smile.

We know, Love and feel you...

And what about you?...

To be continued...
